- Assistant Township Administrator Vana and Human Resources Manager Callahan distributed new Township fleeces to all staff in January. Fleece distribution was in place of the Annual Employee Appreciation Lunch which was unable to take place this year due to COVID-19.
- Township Administrator Barr facilitated meetings of the Hanover Township Management Team virtually on January 5 and 19.
- Township Administrator Barr participated in the quarterly Metropolitan Township Association meeting via video conference on January 6.
- Human Resources Manager Callahan participated in a virtual meeting with IPMG's Mark Bell to review Hanover Township's risk management coverage.
- Township Administrator led the bi-monthly meeting of Illinois Association of Township Administrators via Zoom on January 13.
- Assistant Township Administrator Vana and Administrative Assistant Matich met with ProxIT to review the continued email signature project. An update to the active directory will take place the first weeks of February prior to department staff transitioning to the new email signature.
- Human Resources Manager Callahan participated in a virtual training on "HR Auditing Important Issues For 2021".
- Director Imperato, Human Resources Manager Callahan and Assistant Township Administrator Vana participated in first and second round interviews for the Human Services Case Manager position.
- Director Houdek, Clinical Manager Gonzalez, and Human Resources Manager Callahan participated in first round interviews for Youth and Family Services Bilingual Family Therapist position.
- Township Administrator Barr participated in the Bartlett area local government managers remote meetings on January 15 and 29 to discuss COVID-19 operations.
- Manager Gomez, Clinical Manager Gonzalez, and Human Resources Manager participated in first round interviews for Aging Services C-Hope Therapist position.
- Director Imperato and Human Resources Manager Callahan conducted the Hanover Township Foundation 6 month audit. All documentation was found to be in proper order and complete.
- Township Administrator Barr met with Streamwood area local government managers remotely on January 20 to discuss coordination of services and pandemic operations.

- Director Conway, Social Services Manager Gomez, and Social Services Specialist Domingo attended the AgeOptions Funded Agency Call on January 7.
- On January 18, five Township buses had their catalytic converters stolen. A police report was filed, and the Bartlett Police Department will be patrolling the parking area more frequently. Buses will be parked in front of Town Hall for enhanced security. An insurance claim has been filed for reimbursement.
- Social Services began scheduling appointments for the AARP Foundation Tax Aide Program.
- Effective January 25, Aging Services resumed in-person programs. Transportation also resumed transporting two clients at a time.
- Aging Services completed a virtual audit with AgeOptions January 26 through 29. Aging Services will receive a summary report with any findings or observations within 30 days.
- The Senior Committee Annual Paczki Day Fundraiser on February 8 was a success! The Committee sold over 670 paczkis, raising over \$400. Many thanks to all who supported the fundraiser.
- Nutrition Services continue to offer several promotions including complimentary desserts on Wednesdays, new menu options, as well as meat-free options on Fridays through April 2.

Road Maintenance				
Salt Usage (Tons)	440	394	582	667

^{*}Increase due to implementation of UpKeep Work Order system allowing for more accurate documentation.

- Director Hanson assembled quotes and data for cost estimates of the demolition and disposal of the swimming pool, tennis courts, and structures located on the property at 1169 Robin Hood Drive in Elgin.
- January has seen a significant increase in both snow events and related totals. Facilities and Road
 Maintenance staff, including Seasonal Snow Plow Operators, have spent over 300 hours on snow removal
 on all Township roads, facilities, and reserves. Over 440 tons of salt were used during the month of
 January.
- Due to snow removal operations, repairs to International trucks and pickups increased in January. Repairs included six ruptured hydraulic hoses, replacement of spreader motor, transmission leak repair, and repair of oil line rupture. Two Internationals had to be towed in for repairs, however, five of six hydraulic lines were replaced by staff.
- Facilities staff continues daily complete spray sanitation of buses, twice daily disinfecting of all facilities as part of department coronavirus precautions, as well as daily UV disinfection of Emergency Services Station 1 living quarters.
- Director Hanson, on behalf of Qualification Based Selection interview panel, sent notifications to the four
 engineering firms not selected for 2021 road resurfacing projects. Director Hanson forwarded and
 received back the executed Professional Service Agreement with Thomas Engineering which has been
 filed with the Township Clerk.

^{**} Represent "setups" reduction due to cancellation of programming due to COVID-19.

^{*} Program Closed

- Enza Lappo has accepted the Case Manager position in Human Services and is scheduled to start Tuesday, February 16.
- Food Pantry online ordering system went live in January, allowing residents to place orders online for scheduled curbside pick-up. This has eliminated the need for residents waiting outside while orders are filled.
- Partners of the Community (POC) maintains hours at the Astor Avenue Community Center providing the Illinois
 Access to Justice Program which offers education, referrals, intake and assessments to provide immigration legal
 assistance to immigrants.
- The Welcoming Center has returned to the Astor Avenue Community Center, providing whole case manager and service coordination for individuals and families who identify as immigrants. The goal is to connect immigrants to available resources needed to become economically self-sufficient.
- The Department of Human Services continues to move forward with the Veteran Service Officer (VSO) Accreditation and are waiting on a status update.
- Director Imperato, President of the Township Association of General Assistance Caseworkers hosted an Educational Workshop on January 28. Illinois Department of Employment Security presented on unemployment benefits and other available resources to more than 55 caseworkers from around the state.
- Applications continue to be submitted remotely for CEDA and Salvation Army.

Department Highlights:

- The Department of Youth and Family Services returned to the office on January 25 resuming normal business hours.
- Prevention & Volunteer Coordinator Litz participated on a webinar on January 6 hosted by Northwest Illinois Regional Volunteerism Conference titled "Managing Across Generations Through 6 Hat Thinking".
- Substance Abuse Prevention Specialist Konzal attended "The Truth About Underage Drinking" virtual workshop on January 11.
- Youth and Family Services resumed in person Open Gym on January 25.
- Youth and Family Services Tutoring Program resumed in person on January 26 to complete the remainder of the fall session.
- Manager Gonzalez began interviewing for family therapy interns for the 2021-2022 academic year.
- Family Therapist Maggie Martinez participated in a webinar on January 14 on Oppositional, Aggressive, Attention-seeking and Uncooperative Children, Teen and Young Adults.
- Prevention Specialist Konzal and six teen leaders from Streamwood and Bartlett High Schools attended virtually the Cebrin Goodman Teen Institute's Mid-Year Teen Leadership Conference on January 15 through January 17. The leaders advanced their skills and knowledge in group facilitation, prevention strategies and leadership development.
- Director Houdek, Manager Gonzalez and Human Resources Callahan conducted first round interviews on January 22 and 26 for the vacant Bilingual (Spanish Speaking) Family Therapist position.
- Director Houdek participated in the second round interview for the C-Hope Therapist position on January 27.

The mission of Hanover Township Youth and Family Services is the prevention of juvenile delinquency and the promotion of positive development in young people. We strengthen families, provide outreach to youth at risk of school failure and contribute to the building of a healthier Township community.

- I. Call to Order/Roll Call: Supervisor McGuire called the Board meeting to order at 7:00 p.m.
 - Clerk Dolan Baumer called the roll; present were Supervisor McGuire, Clerk Dolan Baumer and Trustees Beattie, Martinez, Essick, and Moinuddin.
 - Others present either in person or via teleconference were Assessor Tom Smogolski*, Aging Services Director Megan Conway*, Human Services Director Mary Jo Imperato*, Community Health Director Kristen Smith*, Community and Government Relations Director Tom Kuttenberg*, Emergency Services Director Mike Crews*, Facilities and Road Maintenance Director Caleb Hanson, Youth and Family Services Director Tina Houdek*, Mental Health Board Manager Amanda Teachout*, Assistant Administrator Kristin Vana, Administrator James Barr, and Attorney Mike Airdo*. Also in attendance were two Bartlett Rotarians and Streamwood Trustee Mike Baumer. *Attendance via Zoom.
- II. Pledge of Allegiance: Supervisor McGuire invited everyone to stand and join him in the Pledge of Allegiance to the Flag.
- III. Town Hall: Supervisor McGuire asked if there was anyone in the audience who had comments to make or questions to ask of the Board. Director Kuttenburg confirmed that no one had joined us on social media, and therefore, Mr. McGuire closed the Town Hall.
 - Supervisor McGuire asked that the Board take a moment of silence in memory of past Clerk Marie Downey who served Hanover Township for many years.

IV. Presentations:

- A. Veterans Honor Roll nominee SGT John G. LeMaire III was inducted into the Township Honor Roll this evening. He is a resident of Streamwood and served in the U.S. Army from 1965 to 1967. He will be included in all upcoming Veterans events at the Township, and his name will be affixed to the plaque in Veterans Hall, and in the Clerk's office records.
- B. Bartlett Rotary Club members were thanked for their outstanding donations to the Hanover Township holiday programs.
- C. Gymkhana was thanked on behalf of Hanover Township for gracious donations to the Hanover Township holiday programs.

V. Reports:

- A. Supervisor's Report: Supervisor McGuire thanked Facilities and Maintenance staff for their snow removal efforts during this past week. Applications for the Governor's Home Town award are available and he asked that Director Kuttenberg submit the names of Township volunteers in nomination. The Supervisor assisted with Emergency Services on Sunday. He reported that he recently spoke with Board of Review Commissioner Wendt; she assured him that in-person appeals would again be instituted.
- B. Clerk's Report: Clerk Dolan Baumer reported that she was reminded this week that the Annual Meeting is coming up in April; please have your reports and photos ready by March 26.
- C. Assessor's Report: Assessor Smogolski reported that the first installment of 2020 tax bills have been sent, and that foot traffic has increased in his office.
- D. Trustee Liaison Committee Reports: Trustee Beattie reported that the Committee on Youth volunteered at the food pantry on Saturday, as the committee gets more involved in other Township areas.
- E. Department Reports: Written reports were available for review and consideration by the Board. Highlights included Administrator Barr reporting that with the County out of the State tier system for COVID-19, staff and small groups are up and running, returning to the Township. The mid year Finance Meeting budget workshop would be held on February 9. A small memorial (to be broadcast on Facebook) is being planned for February 14 (1-3 p.m.) at Downey Hall in

memory of past Clerk Marie Downey. Director Conway reported that the Age Options virtual audit of the department would be finalized with results in a month. Ten staff members have received the COVID-19 vaccine to-date. Pazcki Day was held with success; February 8 is the order pick-up day. While Director Gomez is on leave, Francis Dominguez will serve as interim director. AARP Tax Services have been delayed and would be held February 10-April 2, with a waitlist. Director Kuttenburg reported that the 2021 township unincorporated roads projects bid has been let with an online bid opening of February 18. UpDevelopment has requested tax credits for the Hanover Landing project. A request for a waiver has been presented to the City of Elgin, pending a hearing. On February 6, the Schaumburg-Hoffman Lions are holding a food drive to benefit the pantry. The Governor would hold a virtual address to the General Assembly. A Township document shred date has been set for March 27. Director Imperator reported that a case manager has been hired to start on February 16. In-person, by appointment meetings are taking place at the Center. Online ordering and curbside pick-up are now occurring at the food pantry. Donations to the food pantry continue to be strong. The grand opening of the Welcoming Center would be announced. Manager Teachout reported that \$965,200 in annual service contracts have been awarded. New in 2021 is the Association of Retired Asians. A site visit has been set for Community Alternatives Unlimited. A meeting with Ecker Center Crisis Intervention program has been set. Director Smith reported that phase 1B of COVID-19 vaccine distribution has begun with those 65 years and older and frontline workers eligible for the vaccine. Retail pharmacies have begun to offer the shots, and another vaccine is up for government approval. IDPH did acknowledge that Hanover would like to become a vaccine partner for becoming a vaccination site; however, no action has been taken on that front, yet. A Red Cross blood drive would be held on the Tiknis campus on March 10. The Supervisor thanked the Community Health staff for their great outreach efforts. Director Houdek reported that Youth and Family staff is now back on-site. In-person Open Gym has restarted. Tutoring in-person is going strong with 54 slots filled. The winter/spring session would begin February 23; registration is now open. Snowball Leadership group is meeting in-person and virtually with Teen Dating Awareness discussions this month. Community Conversations are ongoing. The Committee on Youth decided not to hold the Celebration of Leadership in-person this year, going for a virtual celebration to be announced as plans progress. The Open Gym van has been delivered. The search is ongoing for a bilingual therapist. Director Crews reported that the Village of Bartlett has asked Emergency Services to perform hydrant clearing for the Village. The unit now has 27 sworn members, with ten recruits waiting. 40 members is the short-term goal; creation of a waiting list for service is the long-term goal. The unit was well staffed during the snow event, ready to be called to service. A leadership summit would be held in April, and a tabletop exercise is being planned for all partners. Administrative Assistant Vana reported that the HIRE Vets Medallion Program qualification is under review. This program recognizes employers for their investments in recruiting, employing and retaining our nation's heros. The department is in process of compiling the surplus equipment list for the upcoming Annual Town Meeting. End of year evaluations are due to Human Resources by mid-March. The GFOA document is being prepared. Director Hanson reported that the unincorporated roads and Township grounds covered by 15" of snow over the past week have been plowed by Facilities staff. 440 tons of salt have been used on unincorporated roads and Township pavements. He is in the process of hiring a new custodian associate, as changes in the department are occurring.

VI. Bill Paying: Mr. Barr presented the bills for payment from January 19, 2021 through February 1, 2021 as follows:

a.	Town	\$24,754.77
b.	Senior Services	15,840.63
c.	General Assistance	10,008.14
d.	Road Maintenance	3,681.35
e.	Mental Health Board	6,465.86
f.	Capital	<u>9,600.00</u>
	Total	\$70,350.75

A motion was made by Trustee Martinez and seconded by Trustee Essick to approve payment of the bills as presented from January 19, 2021 through February 1, 2021. Roll call: Ayes: Trustees Beattie, Essick, Martinez, and Moinuddin, and Supervisor McGuire. Nays: None. Motion carried and the bills will be paid.

At this time, Supervisor McGuire excused staff for the balance of the meeting.

VII. Unfinished Business: Consideration of Property located at 1169 Robin Hood Drive, Elgin, IL 60120: Director Hanson reviewed costs related to an in-house demolition of the 1169 Robin Hood Drive, Elgin, IL property.

VIII. New Business:

- A. Board Meeting Minutes of January 19, 2021: Clerk Dolan Baumer presented the minutes from the Board meeting of January 19, 2021 for review and approval. Trustee Martinez moved to approve the Board meeting minutes of January 19, 2021; motion seconded by Trustee Moinuddin and a roll call followed. Roll call: Ayes: Trustees Beattie, Essick, Martinez, and Moinuddin, and Supervisor McGuire. Nays: None. Motion unanimously carried.
- B. Resolution recognizing February as African American History Month in Hanover Township: Trustee Martinez moved that the Board approve the resolution recognizing February as African History Month in Hanover Township; Trustee Beattie seconded the motion. Roll call: Ayes: Trustees Beattie, Martinez, Essick, and Moinuddin and Supervisor McGuire. Nays: None. Motion carried.
- IX. Executive Session: No motion to go into closed session was made.
- X. Other Business: The Supervisor reported that he and Assistant Administrator Vana held a phone conversation with the NAACP, and they have agreed to give a presentation at an upcoming Diversity and Engagement Task Force meeting. Mr. McGuire reported that since the swearing-in of the new Township Board must take place on May 17, and the Board meeting is scheduled for the 18th, the Board may want to change the meeting date. This would be on the agenda for consideration at the next Board meeting.
- XI. Adjournment: There being no further business to come before this Board, a motion to adjourn at 7:40 p.m. was made by Trustee Essick and seconded by Trustee Beattie, followed by a roll call vote. Ayes: Trustees Beattie, Moinuddin, Essick and Martinez, and Supervisor McGuire. Motion carried and the meeting was adjourned.

Respectfully submitted,

sty/ Lolan/ Saunes

Kath Dolan Baumer

RESOLUTION

A RESOLUTION REGARDING THE CONSIDERATION OF CLOSED SESSION MINUTES

WHEREAS, the Supervisor and Board of Trustees of Hanover Township, Cook County, Illinois, have met from time-to-time in closed session for purposes authorized by the Illinois Open Meetings Act (the "Act"), 5 ILCS 120/1 et seq.; and

WHEREAS, the Act requires the Township to periodically, but no less than semiannually, meet to review the minutes of all closed sessions to determine that: (1) the need for confidentiality still exists as to all or part of those minutes; or (2) the minutes or portions thereof no longer require confidentiality and should be made available for public inspection; and

WHEREAS, pursuant to the requirements of the Act, the Supervisor and the Board of Trustees have met and reviewed the minutes all closed session meetings not previously made available for public inspection; and

WHEREAS, the Supervisor and Board of Trustees has determined that the schedule of minutes of closed session meetings attached hereto as Exhibit A no longer require confidential treatment, in whole or in part, and that the parts of such minutes, if any, for which the need for confidentiality still exists should be redacted; and

WHEREAS, the Supervisor and Board of Town Trustees has determined that the schedule of minutes of closed session meetings attached hereto as Exhibit B still require confidential treatment at this time;

NOW, THEREFORE, BE IT RESOLVED by the Supervisor and Board of Town Trustees of Hanover Township, Cook County, Illinois, as follows:

SECTION ONE: INCORPORATION OF RECITALS. The foregoing recitals and all exhibits referenced therein are hereby incorporated into the body of this Resolution as though fully set forth herein.

SECTION TWO: **DETERMINATIONS.** The closed session minutes set forth in the attached Exhibit A or portions thereof no longer require confidentiality and should be made available for public inspection, and the need for confidentiality still exists as to the closed session minutes set forth in the attached Exhibit B.

SECTION THREE: SEVERABILITY. If any section, paragraph or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph, or provision shall not affect any of the remaining provisions of this Resolution.

SECTION FOUR: REPEALER. All prior Ordinances and Resolutions in conflict or inconsistent herewith are hereby expressly repealed only to the extent of such conflict or inconsistency.

SECTION FIVE: EFFECTIVE DATE. This Resolution shall be in full force and effect upon its passage and approval.

A RESOLUTION TO AMEND THE RESOLUTION TO ESTABLISH A TASK FORCE TO STUDY DIVERSITY AND ENGAGEMENT IN HANOVER TOWNSHIP

WHEREAS, Hanover Township (the "Township") places great value in and draws great strength from the diversity of its community; and

WHEREAS, on March 5, 2019, the Supervisor and Board of Trustees (the "Board") of the Township adopted Hanover Township Resolution No. 030519, establishing the Hanover Township Diversity and Engagement Task Force (the "Task Force"); and

WHEREAS, the Task Force, *inter alia*, is charged with the duties of assessing diversity and community engagement within the Township and researching and making recommendations to the Board; and

WHEREAS, on June 16, 2020, the Board adopted Hanover Township Resolution No. 061620, *inter alia*, extending the work of the Task Force until, at least, May 1, 2021; and

WHEREAS, the Board deems it necessary and appropriate to further extend the work of the Task Force until, at least, September 1, 2021; and

NOW, THEREFORE, BE IT RESOLVED, by the Supervisor and Board of Trustees (the "Board") of Hanover Township, Cook County, Illinois, as follows:

SECTION ONE: AMENDMENTS. Hanover Township Resolution No. 030519, "A Resolution to Establish a Task Force to Study Diversity and Engagement in Hanover Township," as amended by Hanover Township Resolution No. 061620, "A Resolution to Amend the Resolution to Establish a Task Force to Study Diversity and Engagement in Hanover Township," is hereby amended as follows:

A. Section One, entitled "Formation and Duration," is modified by deleting the second, third, and fourth sentences thereof, and substituting the following therefore:

The Task Force shall exist until, at least, September 1, 2021. Prior to September 1, 2021, the Board shall decide whether to extend the work of, or to dissolve, the

Task Force. If the Board fails to make a determination on whether to extend the work of, or to dissolve, the Task Force, the Task Force will terminate as of 11:59 p.m. on August 31, 2021.

SECTION TWO: SEVERABILITY. If any section, paragraph, or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph, or provision shall not affect any of the remaining provisions of this Resolution.

SECTION THREE: REPEAL OF PRIOR RESOLUTIONS. All prior Ordinances and Resolutions in conflict or inconsistent herewith are hereby expressly repealed only to the extent of such conflict or inconsistency.

SECTION FOUR: EFFECTIVE DATE. This Resolution shall be in full force and effect upon its passage and approval.

and effect upon its p	assage and approval.

HANOVER TOWNSHIP PROFESSIONAL SERVICES AGREEMENT

This Professional Services Agreement (the "Agreement") entered into this _____ day of <u>February, 2021</u>, between, <u>FGM Architects Inc.</u> (the "Design Professional"), and Hanover Township (the "Township"), agree to the following proposal, rate schedule, and general conditions for the project describe herein.

IN CONSIDERATION OF the recitals and the mutual covenants and agreements set forth in this Agreement, the parties hereby agree as follows:

- 1. <u>Understanding of Project</u>. The project (the "Project") is to consist of the design and construction of a new station for the Hanover Township Emergency Service Department, as more fully described in the proposal (the "Proposal") attached to this Agreement as Exhibit A. In the event of any conflict between the terms and conditions of this Agreement and the Proposal, the terms and conditions of this Agreement shall control.
- **Representations of Design Professional.** The Design Professional represents that it is financially solvent, has the necessary financial resources, and is sufficiently experienced and competent to perform and complete the services set forth in the Proposal (the "Services") in a manner consistent with the standards of professional practice by recognized firms providing services of a similar nature.
- **3. Scope of Services.** The Design Professional shall perform and complete the Services pursuant to the terms and conditions of this Agreement.
- 4. <u>Commencement; Time of Performance.</u> Design Professional shall commence the Services immediately upon receipt of written notice from the Township that this Agreement has been fully executed by the Parties (the "Commencement Date"). Design Professional shall diligently and continuously prosecute the Services until the completion of the Services or upon the termination of this Agreement by the Township, but in no event later than the date that is 365 days after the Commencement Date (the "Time of Performance"). The Township may modify the Time of Performance at any time upon fifteen (15) days prior written notice to the Design Professional.
- **5. Reporting.** The Design Professional shall regularly report to the Township Administrator, or his designee, regarding the progress of the Services during the term of this Agreement.

6. Compensation and Method of Payment.

- **A.** Agreement Amount. The total amount paid by the Township for the Services pursuant to this Agreement shall be based on a percentage of the total construction cost for the Project, as set forth in Paragraphs 3.1 and 3.2 of the Proposal the (the "Agreement Amount"). No claim for additional compensation shall be valid unless made in accordance with Sections 6(D) or 6(E) of this Agreement.
- **B.** Invoices and Payment. The Design Professional shall submit invoices in an approved format to the Township for costs incurred by the Design Professional in performing the Services. The amount billed in each invoice for the Services shall be based solely upon the fixed fees and/or rates set forth in the Proposal. The final pay request by the Design

Professional shall include, without limitation: (i) all final waivers of lien; and (ii) all final certified payrolls, as required. The Township shall pay invoice amounts to the Design Professional within forty-five (45) days of receipt by the Township.

- **C. Records.** The Design Professional shall maintain records showing actual time devoted and costs incurred, and shall permit the Township to inspect and audit all data and records of the Design Professional for work done pursuant to this Agreement. The records shall be made available to the Township at reasonable times during the term of this Agreement, and for one year after the termination of this Agreement.
- **D.** Claim In Addition To Agreement Amount. The Design Professional shall provide written notice to the Township of any claim for additional compensation as a result of action taken by the Township, within fifteen (15) days after the occurrence of such action. The Design Professional acknowledges and agrees that: (a) the provision of such written notice shall not be deemed or interpreted as entitling the Design Professional to any additional compensation; and (b) any changes in the Agreement Amount shall be valid only upon written amendment pursuant to Section 22(A) of this Agreement. Regardless of the decision of the Township relative to a claim submitted by the Design Professional, the Design Professional shall proceed with all of the work required to complete the Services under this Agreement, as determined by the Township, without interruption.
- **E.** Additional Services. The Design Professional acknowledges and agrees that the Township shall not be liable for any costs incurred by the Design Professional in connection with any services provided by the Design Professional that are outside the scope of this Agreement (the "Additional Services"), regardless of whether such Additional Services are requested or directed by the Township, except upon the prior written consent of the Township.
- F. Taxes, Benefits, and Royalties. Each payment by the Township to the Design Professional includes all applicable federal, state, and Township taxes of every kind and nature applicable to the Services, as well as all taxes, contributions, and premiums for unemployment insurance, old age or retirement benefits, pensions, annuities, or similar benefits, and all costs, royalties, and fees arising from the use on, or the incorporation into, the Services, of patented or copyrighted equipment, materials, supplies, tools, appliances, devices, processes, or inventions. All claims or rights to claim additional compensation by reason of the payment of any such tax, contribution, premium, cost, royalty, or fee are hereby waived and released by the Design Professional.
- **G. Final Acceptance.** The Services, or, if the Services are to be performed in separate phases, each phase of the Services, shall be considered complete on the date of final written acceptance by the Township of the Services or each phase of the Services, as the case may be, which acceptance shall not be unreasonably withheld or delayed.

7. Personnel; Subcontractors.

- **A. Key Project Personnel.** The Key Project Personnel identified in the Proposal shall be primarily responsible for carrying out the Services on behalf of the Design Professional. The Key Project Personnel shall not be changed without the Township's prior written approval.
- **B.** Availability of Personnel. The Design Professional shall provide all personnel necessary to complete the Services including, without limitation, any Key Project Personnel identified in this Agreement. The Design Professional shall notify the Township as soon as

practicable prior to terminating the employment of, reassigning, or receiving notice of the resignation of, any Key Project Personnel. The Design Professional shall have no claim for damages and shall not bill the Township for additional time and materials charges as the result of any portion of the Services which must be duplicated or redone due to such termination or for any delay or extension of the Time of Performance as a result of any such termination, reassignment, or resignation.

- C. Approval and Use of Subcontractors. The Design Professional shall perform the Services with its own personnel and under the management, supervision, and control of its own organization unless otherwise approved in advance by the Township in writing. All subcontractors used by the Design Professional shall be acceptable to, and approved in advance by, the Township. The Township's approval of any subcontractor or subcontract shall not relieve the Design Professional of full responsibility and liability for the provision, performance, and completion of the Services as required by this Agreement. All Services performed under any subcontract shall be subject to all of the provisions of this Agreement in the same manner as if performed by employees of the Design Professional. For purposes of this Agreement, the term "Design Professional" shall be deemed also to refer to all subcontractors of the Design Professional, and every subcontract shall include a provision binding the subcontractor to all provisions of this Agreement.
- **D.** Removal of Personnel and Subcontractors. If any personnel or subcontractor fails to perform the Services in a manner satisfactory to the Township and consistent with commonly accepted professional practices, the Design Professional shall immediately upon notice from the Township remove and replace such personnel or subcontractor. The Design Professional shall have no claim for damages, for compensation in excess of the amount contained in this Agreement, or for a delay or extension of the Time of Performance as a result of any such removal or replacement.

8. Confidential Information.

- Confidential Information. The term "Confidential Information" shall mean information in the possession or under the control of the Township relating to the technical, business, or corporate affairs of the Township; Township property; user information, including, without limitation, any information pertaining to usage of the Township's computer system, including and without limitation, any information obtained from server logs or other records of electronic or machine readable form; and the existence of, and terms and conditions of, this Agreement. The term Confidential Information shall not include information that can be demonstrated: (1) to have been rightfully in the possession of the Design Professional from a source other than the Township prior to the time of disclosure of such information to the Design Professional pursuant to this Agreement (the "Time of Disclosure"); (2) to have been in the public domain prior to the Time of Disclosure; (3) to have become part of the public domain after the Time of Disclosure by a publication or by any other means except an unauthorized act or omission or breach of this Agreement on the part of the Design Professional or the Township; or (4) to have been supplied to the Design Professional after the Time of Disclosure without restriction by a third party who is under no obligation to the Township to maintain such information in confidence.
- B. No Disclosure of Confidential Information by the Design Professional. The Design Professional acknowledges that it shall, in performing the Services for the Township under this Agreement, have access, or be directly or indirectly exposed, to Confidential Information. The Design Professional shall hold confidential all Confidential Information and

shall not disclose or use such Confidential Information without the express prior written consent of the Township. The Design Professional shall use reasonable measures at least as strict as those the Design Professional uses to protect its own confidential information. Such measures shall include, without limitation, requiring employees and subcontractors of the Design Professional to execute a non-disclosure agreement before obtaining access to Confidential Information.

9. Standard of Services, Indemnification, and Insurance.

- **A.** Representation and Certification of Services. The Design Professional represents and certifies that the Services shall be performed in accordance with the standards of professional practice, care, skill, and diligence practiced by recognized members of the Design Professional's profession in performing services of a similar nature in existence at the Time of Performance. The representations and certifications expressed shall be in addition to any other representations and certifications expressed in this Agreement, or expressed or implied by law, which are hereby reserved unto the Township.
- Indemnification. The Design Professional agrees to waive any and all rights of contribution against Township and, to the extent permitted by law, shall indemnify and hold harmless Hanover Township, the Hanover Township Supervisor and Board of Trustees, and their respective officers, officials, employees, volunteers, agents, successors, and assigns (collectively, the "Indemnified Parties") from and against any and all claims, lawsuits, actions, causes of action, demands, injuries, deaths, damages, losses, penalties, fines, obligations, liabilities, judgments, liens, lien rights, expenses, costs, and fees, including, but not limited to, attorneys' fees and expenses, court costs, settlement judgments, prejudgment interest, and post-judgment interest (collectively, the "Claims"), which arise out of or in any way relate to the following: (a) Design Professional's negligent performance of, or failure to perform, the Services. the Additional Services, or any part thereof; (b) any negligent or wrongful acts, errors, or omissions of Design Professional or its officials, officers, employees, agents, contractors or subcontractors of any tier, licensees, invitees, successors, or assigns, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable (collectively, "Design Professional's Agents"); except to the extent caused by the negligence of a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation to indemnify which would otherwise exist as to any party or person described in this Section 9(B). Design Professional shall similarly indemnify and hold harmless the Indemnified Parties for any and all Claims resulting from the Design Professional's breach of any of its obligations under, or default of, any provision of this Agreement, including, but not limited to, the representations set forth in Section 9(A) of this Agreement.

The obligations in this Section 9(B) shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Design Professional or Design Professional's Agents under any Workers' Compensation Act, Disability Benefit Act, or Employee Benefit Acts. To the extent permitted by law, Design Professional waives any limits to the amount of its obligations to indemnify, hold harmless, or contribute to any sums due under any Claims, including any Claim by any employee of Design Professional, that may be subject to the Workers Compensation Act or any other related law or judicial decision, such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991). The obligations in this Section 9(B) shall survive the expiration and/or termination of this Agreement.

Nothing in this Section 9(B) shall be construed to represent an express and/or implied waiver of any common law or statutory privileges or immunities granted to the Indemnified Parties as to any liability whatsoever, and all such privileges and immunities are expressly reserved. Design Professional agrees to waive any right which it may have to punitive, consequential, special, indirect, incidental, and/or exemplary damages against the Indemnified Parties and agrees not to make any claim or demand for such damages against the Indemnified Parties.

C. Insurance.

i. Required Coverages. Design Professional shall procure and maintain for the duration of the Services and Additional Services insurance of the types and in amounts of not less than listed below, insuring all operations related to the Agreement.

Workers Compensation and Employees Liability Insurance:

State: Statutory Federal: Statutory

Employer's Liability: \$500,000.00 per accident

\$500,000.00 disease, policy limit \$500,000.00 disease, each employee

Commercial General Liability Insurance ("CGL"):

\$1,000,000.00 General Aggregate per Project

\$1,000,000.00 Products Completed Operations Aggregate

\$1,000,000.00 Each Occurrence

\$50,000.00 Fire Damage (any one fire)

\$5,000.00 Medical Expense (any one person)

CGL insurance shall be written on Insurance Services Office (ISO) occurrence form CG 00 01 10 93, or a substitute form providing equivalent coverage, and shall cover liability arising from premises, operations, independent contractors, vendors and suppliers, products-completed operations, personal injury, and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract) (not to include CG 21 39 or equivalent). There shall be no endorsement or modification of the CGL insurance limiting the scope of coverage for liability arising from explosion, collapse, or underground property damage.

Commercial Automobile Liability Insurance ("CAL"):

Property Damage: \$1,000,000.00 per occurrence
Bodily Injury: \$1,000,000.00 per person

\$1,000,000.00 per accident

CAL insurance shall cover liability arising out of any auto including, hired and non-owned autos. CAL insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

Professional Liability Insurance:

Per wrongful act or failure to perform professional services

\$2,000,000.00

When Professional Liability insurance policies are renewed or replaced, the policy retroactive date must coincide with, or precede, the start of services on the Agreement. A claims-made policy which is not renewed or replaced must have an extended reporting period of two (2) years.

Umbrella Excess Liability:

\$1,000,000.00

Over Primary Insurance Limit

- ii. Additional Insured. The required insurance coverages, with the exception of Workers Compensation and Professional Liability, shall name Hanover Township. the Hanover Township Supervisor and Board of Trustees, and their respective officers, officials, employees, volunteers, agents, successors, and assigns (collectively, the "Additional Insured") as additional insured. These insurance coverages shall be primary and non-contributory with respect to any other insurance or self-insurance afforded to the Additional Insured and shall not require exhaustion of any other coverage or tender of any claim or action to any other insurer providing coverage to any of the Additional Insured. The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insured, or any of them. If Design Professional maintains broader coverage and/or higher limits than the minimums shown above, the Additional Insured requires and should be entitled to the broader coverage and/or higher limits maintained by Design Professional. Any endorsement or policy provision which limits contractual liabilities shall be deleted in its entirety. If the Additional Insured have not been included as an additional insured under the Commercial General Liability, Commercial Auto Liability, and Umbrella Excess Liability Insurance coverages required herein, Design Professional waives all rights against each Additional Insured, for recovery of damages arising out of or related to the Services or Additional Services.
- **iii.** Acceptability of Insurers. Insurance shall be provided by insurance companies licensed to do business in the State of Illinois with a policy holder rating of not less than A and a financial rating of not less than VII in the latest edition of Best Insurance Guide. Upon written request from the Township Administrator, Design Professional must supply certified copies of the requested insurance policies within ten (10) days.
- iv. Evidence of Insurance. Prior to beginning work, Design Professional shall furnish Township with a certificate(s) of insurance and applicable policy endorsement(s), including, but not limited to, all additional insured endorsements required herein, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. All certificates shall provide for thirty (30) days' written notice to Township prior to the cancellation or material change of any insurance referred to therein. Written notice to Township shall be by mail. Failure of Township to demand such certificate, endorsement, or other evidence of full compliance with these insurance requirements or failure of Township to identify a deficiency from evidence that is provided shall not be construed as a waiver of Design Professional's obligation to maintain such insurance. Township shall have the right, but not the obligation, of prohibiting Design Professional or any subcontractor of any tier from entering Township properties until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by Township. Failure to maintain the required insurance may result in termination of this Agreement at the option of Township. With respect to insurance maintained after final payment

in compliance with a requirement above, an additional certificate(s) evidencing such coverage shall be promptly provided to Township whenever requested.

- v. Cross-Liability Coverage. If Design Professional's liability policies do not contain the standard ISO separation of insureds provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.
- vi. Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to Township. At the option of Township, Design Professional may be asked to eliminate such deductibles or self-insured retentions as respects the Additional Insured or required to procure a bond guaranteeing payment of losses and other related costs, including, but not limited to, investigations, claim administration, and defense expenses.
- vii. No Waiver of Subrogation Rights. Township shall not, in any manner, be deemed or intended to have waived any right of subrogation which either it and/or its insurance carrier and/or risk pool provider, risk management agency, and/or insurance company providing excess coverage on behalf of the any of them may have against any Design Professional, for any property injury, death, or other damage caused by Design Professional and/or any of its subcontractors of any tier, or any of their respective employees, agents, consultants, officers, directors, limited or general partners, and/or otherwise arising out of the Services or Additional Services.
- viii. Failure to Comply with Insurance Reporting Provisions. All insurance required of Design Professional shall provide that any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Additional Insured, or any of them.
- ix. All Insurance Obtained Shall Apply Separately to Each Insured. All insurance required of Design Professional shall provide that the insurance shall apply separately to each insured against whom a claim is made, or suit is brought, except with respect to the limits of the insurer's liability.
- x. Insurance Requirements Cannot Be Waived. Under no circumstances shall Township and/or any of the Additional Insured be deemed to have waived any of the insurance requirements herein by any action or omission, including, but not limited to: (a) allowing any work to commence by Design Professional before receipt of Certificates of Insurance; (b) failing to review any Certificates of Insurance received; (c) Failing to advise Design Professional that any Certificate of Insurance fails to contain all the required insurance provisions, or is otherwise deficient in any manner; and/or (d) issuing any payment without receipt of a sworn certification from Design Professional stating that all the required insurance is in force. Design Professional agrees that the obligation to provide the insurance required herein is solely its responsibility and that this is a requirement which cannot be waived by any conduct, action, inaction or omission by Township and/or any of the other Additional Insured.
- xi. Liability of Design Professional is not Limited by Purchase of Insurance. Nothing herein contained in these insurance requirements is to be construed as limiting the liability of Design Professional and/or its respective insurance carriers. Township and the Additional Insureds do not, in any way, represent that the coverages or limits of insurance specified is sufficient or adequate to protect the Additional Insured, or any of them, Design Professional, or any subcontractor's interest or liabilities, but are merely minimums. Any obligation of Design Professional to purchase insurance shall not, in any way, limit their

obligations to the Additional Insured in the event that the Additional Insured, or any of them, should suffer an injury or loss in excess of the amount recovered through insurance, or any loss or portion of the loss which is not covered by Design Professional's insurance.

- xii. Notice of Personal Injury or Property Damage. Design Professional shall notify Township, in writing, of any actual or possible claim for personal injury or property damage relating to the work, or of any occurrence which might give rise to such a claim, promptly upon obtaining first knowledge of same.
- **xiii. Subcontractors.** Design Professional shall cause each subcontractor employed by Design Professional to purchase and maintain insurance of not less than the types and amounts specified above. When requested by Township, Design Professional shall furnish copies of certificates of insurance evidencing coverage for each subcontractor.
- **D.** No Personal Liability. No elected or appointed official or employee of the Township shall be personally liable, in law or in contract, to the Design Professional as the result of the execution of this Agreement.
- **Relationship of the Parties.** It is understood, acknowledged and agreed by the Parties that the relationship of Design Professional to Township arising out of this Agreement shall be that of an independent contractor. Neither Design Professional, nor any employee or agent of Design Professional, is an employee, partner, joint venturer, and/or agent of Township, and, therefore, is not entitled to any benefits provided to employees of Township. Design Professional has no authority to employ/retain any person as an employee or agent for or on behalf of Township for any purpose. Neither Design Professional nor any person engaging in any work or services related to this Agreement at the request or with the actual or implied consent of Design Professional may represent himself to others as an employee of Township. Should any person indicate to Design Professional or any employee or agent of Design Professional by written or oral communication, course of dealing or otherwise, that such person believes Design Professional to be an employee or agent of Township, Design Professional shall use its best efforts to correct such belief. In ordering or accepting delivery of or paying for any goods or services, Design Professional shall do so in Design Professional's own business.
- 11. <u>Conflict of Interest</u>. The Design Professional represents and certifies that, to the best of its knowledge: (1) no elected or appointed Township official, employee or agent has a personal financial interest in the business of the Design Professional or in this Agreement, or has personally received payment or other consideration for this Agreement; (2) as of the date of this Agreement, neither Design Professional nor any person employed or associated with Design Professional has any interest that would conflict in any manner or degree with the performance of the obligations under this Agreement; and (3) neither Design Professional nor any person employed by or associated with Design Professional shall at any time during the term of this Agreement obtain or acquire any interest that would conflict in any manner or degree with the performance of the obligations under this Agreement.
- **No Collusion.** Design Professional represents and certifies that Design Professional is not barred from contracting with a unit of state or local government as a result of: (1) a delinquency in the payment of any tax administered by the Illinois Department of Revenue, unless the Design Professional is contesting, in accordance with the procedures established by the appropriate revenue act, its liability for the tax or the amount of the tax, as set forth in Section 11-42.1-1 *et seq.*; or (2) a violation of either Section 33E-3 or Section 33E-4 of Article 33E of the Criminal Code of 1961,

- 720 ILCS 5/33E-1 *et seq.* Design Professional represents that the only persons, firms, or corporations interested in this Agreement as principals are those disclosed to the Township prior to the execution of this Agreement, and that this Agreement is made without collusion with any other person, firm, or corporation. If at any time it shall be found that Design Professional has, in procuring this Agreement, colluded with any other person, firm, or corporation, then Design Professional shall be liable to the Township for all loss or damage that the Township may suffer, and this Agreement shall, at the Township's option, be null and void.
- 13. Compliance with Laws. The Design Professional shall give all notices, pay all fees, and take all other action that may be necessary to ensure that the Services are provided, performed, and completed in accordance with all required governmental permits, licenses, or other approvals and authorizations that may be required in connection with providing, performing, and completing the Services, and with all applicable statutes, ordinances, rules, and regulations, including, without limitation: any applicable prevailing wage laws; the Fair Labor Standards Act; any statutes regarding qualification to do business; any statutes requiring preference to laborers of specified classes; any statutes prohibiting discrimination because of, or requiring affirmative action based on, race, creed, color, national origin, age, sex, or other prohibited classification, including, without limitation, the Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12101 et seq., and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. The Design Professional shall also comply with all conditions of any federal, state, or local grant received by the Township or the Design Professional with respect to this Agreement or the Services. Further, the Design Professional shall have a written sexual harassment policy in compliance with Section 2-105 of the Illinois Human Rights Act. The Design Professional shall be solely liable and agrees to indemnify, defend, and hold harmless the Indemnified Parties from and against any and all Claims, fines, or civil penalties that are imposed by any governmental or quasi-governmental agency or body that may arise, or be alleged to have arisen, out of or in connection with the Design Professional's or Design Professional's Agents' performance of, or failure to perform, the Services, the Additional Services, or any part thereof. Every provision of law required by law to be inserted into this Agreement shall be deemed to be inserted herein.
- 14. <u>Illinois Freedom of Information Act</u>. Design Professional agrees to maintain, without charge to the Township, all records and documents for projects of the Township in compliance with the Freedom of Information Act, 5 ILCS 140/1 *et seq.* In addition, Design Professional shall produce records which are responsive to a request received by the Township under the Freedom of Information Act so that the Township may provide records to those requesting them within the time frames required. If additional time is necessary to compile records in response to a request, then Design Professional shall so notify the Township and if possible, the Township shall request an extension so as to comply with the Act. In the event that the Township is found to have not complied with the Freedom of Information Act due to Design Professional's failure to produce documents or otherwise appropriately respond to a request under the Act, then Design Professional shall indemnify, defend, and hold harmless the Indemnified Parties, and pay all amounts determined to be due, including, but not limited to, fines, costs, attorneys' fees and penalties.
- **15.** <u>Termination</u>. Notwithstanding any other provision hereof, the Township may terminate this Agreement at any time upon fifteen (15) days written notice to the Design Professional. In the event that this Agreement is so terminated, the Design Professional shall be paid for Services actually performed and reimbursable expenses actually incurred, if any, prior to termination, not exceeding the value of the Services completed, which shall be determined on the basis of the fixed fees and/or rates set forth in the Proposal.

- **16.** <u>Default.</u> If it should appear at any time that the Design Professional has failed or refused to prosecute, or has delayed in the prosecution of, the Services with diligence at a rate that assures completion of the Services in full compliance with the requirements of this Agreement, or has otherwise failed, refused, or delayed to perform or satisfy the Services or any other requirement of this Agreement ("Event of Default"), and fails to cure any such Event of Default within ten (10) business days after the Design Professional's receipt of written notice of such Event of Default from the Township, then the Township shall have the right, without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:
- **A.** Cure by Design Professional. The Township may require the Design Professional, within a reasonable time, to complete or correct all or any part of the Services that are the subject of the Event of Default; and to take any or all other action necessary to bring the Design Professional and the Services into compliance with this Agreement.
- **B.** Termination of Agreement by Township. The Township may terminate this Agreement without liability for further payment of amounts due or to become due under this Agreement after the effective date of termination.
- **C. Withholding of Payment by Township.** The Township may withhold from any payment, or may recover from the Design Professional, any and all costs, including attorneys' fees and administrative expenses, incurred by the Township as the result of any Event of Default by the Design Professional or as a result of actions taken by the Township in response to any Event of Default by the Design Professional.
- **17. No Additional Obligation**. Design Professional and the Township acknowledge and agree that the Township is under no obligation under this Agreement or otherwise to negotiate or enter into any other or additional contracts or agreements with the Design Professional or with any vendor solicited or recommended by the Design Professional.
- **Township Board Authority**. Notwithstanding any provision of this Agreement, any negotiations or agreements with, or representations by the Design Professional to, vendors shall be subject to the approval of the Township Supervisor and Board of Trustees. For purposes of this Section 18, "vendors" shall mean entities engaged in subcontracts for the provision of additional services directly to the Township. The Township shall not be liable to any vendor or third party for any agreements made by the Design Professional without the knowledge and approval of the Township Supervisor and Board of Trustees.
- 19. <u>Mutual Cooperation</u>. The Township agrees to cooperate with the Design Professional in the performance of the Services, including meeting with the Design Professional and providing the Design Professional with such non-confidential information that the Township may have that may be relevant and helpful to the Design Professional's performance of the Services. The Design Professional agrees to cooperate with the Township in the performance and completion of the Services and with any other consultants engaged by the Township.
- **20.** Ownership. All documents prepared or furnished by Design Professional pursuant to this Agreement are instruments of Design Professional's professional service. Upon payment for services rendered, Design Professional: (a) assigns ownership, including copyright, to the Township of the instruments of service, except Design Professional retains copyright in its standard systems, sections, details, and specifications; and (b) grants Township a non-

exclusive, non-revocable license to use Design Professional's standard systems, sections, details, and specifications but only for this Project. Use of the instruments of service without engagement of the Design Professional by Township shall be at Township's sole risk, and Township agrees to indemnify and hold Design Professional harmless from all claims, damages, and expenses, including attorneys' fees, arising out of such use by Township or by others acting through Township.

Notwithstanding the foregoing, Design Professional consents to documents prepared or furnished by Design Professional being reproduced and submitted to contractors who may be submitting bids for this Project, and also to any agency providing Township grant funds. Design Professional further understands and agrees that such documents prepared or furnished by Design Professional may be subject to disclosure and/or copying in the event Township receives a Freedom of Information Act request for said documents and/or is otherwise required by law to furnish and/or disclose said documents. Township's obligation to indemnify and hold Design Professional harmless under this section is limited to unauthorized use of such documents by Township.

21. <u>Dispute Resolution</u>. In the event any dispute shall arise with respect to any matter related to or arising out of this Agreement, the parties shall use their best efforts to resolve the dispute through an informal dispute resolution process, to include, but not limited to mediation. In the event that the parties are unable to resolve the dispute informally within thirty (30) days, both parties agree to waive their right to a jury trial and agree that either party may elect to have the matter resolved by binding arbitration before a neutral arbitrator to-be-agreed upon by both parties. In the event that both parties are unable to agree upon a third party neutral arbitrator, the matter will be submitted by the parties to a mutually determined neutral arbitration firm. In the event the parties are unable to mutually agree upon such a neutral arbitration firm, the matter will be submitted by the parties to the American Arbitration Association. Each party shall be responsible for its own costs and expenses related to the arbitration, including, but not limited to, attorneys' fees, but the costs of the arbitration shall be shared equally by both parties. The decision of the arbitrator shall be final and not appealable and subject to enforcement as a judgment under the Illinois Code of Civil Procedure. All rules of procedure, discovery, and evidence as set forth in the rules adopted by the American Arbitration Association, at the time that arbitration is required, shall be applicable to the proceedings, except to the extent those rules conflict with the requirements of applicable Illinois law. Any arbitration pursuant to this Agreement shall take place in Cook County, Illinois. This dispute resolution provision shall survive any termination of this Agreement.

22. General Terms and Conditions.

- **A. Entire Agreement.** This Agreement constitutes the full and complete agreement between Design Professional and Client and supersedes all prior agreements and negotiations between them, whether written or oral, relating to the subject matter of this Agreement. This Agreement may be amended, added to, superseded or waived only if both parties specifically define in writing an official amendment of this Agreement.
- **B. Assignment.** This Agreement may not be assigned by the Township or the Design Professional without the express written permission of the other party. This Agreement shall be binding upon and inure to the benefit of any permitted assigns.
- **C. Notice.** Any notice or other communication required or permitted to be given under this Agreement shall be in writing and shall be deemed served: (a) when delivered by

Federal Express or similar overnight courier service to that party's address set forth below during the hours of 9:00 a.m. and 5:00 p.m. local time Monday through Friday, excluding federal holidays; (b) when mailed to any other person designated by that party in writing herein to receive such notice, via certified mail, return receipt requested, postage prepaid; or (c) via fax. Fax notice shall be effective as of date and time of facsimile transmission, provided that the notice transmitted shall be sent on business days during business hours (*i.e.*, 9:00 A.M. to 5:00 P.M. Central Standard Time). In the event fax notice is transmitted during non-business hours, the effective date and time of notice is the first hour of the first business day after transmission. Notice shall be given to the following:

If to Design Professional:

FGM Architects Inc.

1211 W? 22nd Street, Suite 700

Oak Brook, Illinois 60523

Attention: Andrew J. Jasek

With a copy to:

Hinshaw & Colbertson LLP

222 North LaSalle Street, Suite 300

Chicago, Illinois 60601

Attention: Laurie Randolph

If to Township:

Hanover Township 250 S. IL Route 59 Bartlett, Illinois 60103

Attention: James Barr, Township Administrator

With a copy to:

Kopon Airdo, LLC 111 E. Wacker Drive, Suite 500 Chicago, IL 60601

Attention: Michael A. Airdo

- **D.** Third Party Beneficiary. This Agreement is entered into solely for the benefit of the parties hereto, and nothing herein is intended, either expressly or impliedly, to provide any right or benefit of any kind whatsoever to any person or entity who is not a party to this Agreement, or to acknowledge, establish, or impose any legal duty or obligation to any third party. No claim as a third party beneficiary under this Agreement by any person or entity shall be made or be valid against the Township.
- **E. Survival.** All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.
- **F. Severability.** Any provision or part of the Agreement held to be void or unenforceable under the Laws or Regulations shall be deemed stricken, and all remaining provisions shall continue to be deemed binding upon the Client and Design Professional, who

agree that the Agreement shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

- **G.** Time. Time is of the essence in the performance of all terms and provisions of this Agreement. Notwithstanding the foregoing, in no event will Design Professional be responsible for damages due to delays beyond Design Professional's reasonable control.
- **H.** Calendar Days and Time. Unless otherwise provided in this Agreement, any reference in this Agreement to "day" or "days" shall mean calendar days and not business days. If the date for giving of any notice required to be given, or the performance of any obligation, under this Agreement falls on a Saturday, Sunday, or federal holiday, then the notice or obligation may be given or performed on the next business day after that Saturday, Sunday, or federal holiday.
- **I. Governing Law.** This Agreement shall be construed, governed, and enforced according to the laws of the State of Illinois.

J. Authority to Execute.

- i. The Township hereby warrants and represents to the Design Professional that the persons executing this Agreement on its behalf have been properly authorized to do so by its corporate authorities.
- ii. The Design Professional hereby warrants and represents to the Township that the persons executing this Agreement on its behalf have the full and complete right, power, and authority to enter into this Agreement and to agree to the terms, provisions, and conditions set forth in this Agreement and that all legal actions needed to authorize the execution, delivery, and performance of this Agreement have been taken.
- **K. Waiver.** Neither the Township nor the Design Professional shall be under any obligation to exercise any of the rights granted to them in this Agreement except as it shall determine to be in its best interest from time to time. The failure of the Township or the Design Professional to exercise at any time any such rights shall not be deemed or construed as a waiver of that right, nor shall the failure void or affect the Township's or the Design Professional's right to enforce such rights or any other rights.
- **L. Consents.** Unless otherwise provided in this Agreement, whenever the consent, permission, authorization, approval, acknowledgement, or similar indication of assent of any party to this Agreement, or of any duly authorized officer, employee, agent, or representative of any party to this Agreement, is required in this Agreement, the consent, permission, authorization, approval, acknowledgement, or similar indication of assent shall be in writing.
- **M.** Grammatical Usage and Construction. In construing this Agreement, pronouns include all genders and the plural includes the singular and vice versa.
- **N.** Interpretation. This Agreement shall be construed without regard to the identity of the party who drafted the various provisions of this Agreement. Moreover, each and every provision of this Agreement shall be construed as though all parties to this Agreement participated equally in the drafting of this Agreement. As a result of the foregoing, any rule or

construction that a document is to be construed against the drafting party shall not be applicable to this Agreement.

- **O. Headings.** The headings, titles, and captions in this Agreement have been inserted only for convenience and in no way define, limit, extend, or describe the scope or intent of this Agreement.
- **P.** Exhibits. Exhibits A through <u>B</u> attached to this Agreement are, by this reference, incorporated in and made a part of this Agreement. In the event of a conflict between an Exhibit and the text of this Agreement, the text of this Agreement shall control.
- **Q. Rights Cumulative.** Unless expressly provided to the contrary in this Agreement, each and every one of the rights, remedies, and benefits provided by this Agreement shall be cumulative and shall not be exclusive of any other rights, remedies, and benefits allowed by law.
- **R.** Counterpart Execution. This Agreement may be executed in several counterparts, each of which, when executed, shall be deemed to be an original, but all of which together shall constitute one and the same instrument.
- **S.** No Waiver of Immunities or Privileges. Nothing herein shall be construed as an express and/or implied waiver of any common law and/or statutory immunities and/or privileges of Hanover Township, and/or its officials, officers, employees, volunteers and/or agents.

1.0 SCOPE OF PROJECT

Hanover Township, also referred to as the Owner, would like to construct an Emergency Services Station for the Emergency Services Department on a parcel of land that is being acquired adjacent to the Hanover Town Hall in Bartlett. The station will include the following:

- 1. Apparatus Bay to house approximately ten (10) response vehicles
- 2. Sleep Quarters for 6 persons
- 3. Locker Rooms
- 4. Gear Storage
- 5. Combined Kitchen/Living Area
- 6. Training Room to accommodate forty (40) persons
- 7. Training Room Storage
- 8. Laundry Room
- 9. Communications Room
- 10. Three (3) Administrative Offices
- 11. General Maintenance Room
- 12. Entrance Fover Area

The initial construction budget is \$1.5M and will be confirmed during the Schematic Design Phase, which will include a space needs evaluation of what will be required in the new station.

2.0 SCOPE OF ARCHITECT'S SERVICES

FGM Architects Inc., hereinafter referred to as FGMA or Architect, shall provide the following Architectural and Engineering Services for the Project:

- 2.1 Schematic Design Services Establishment of Scope of Work
 - 2.1.1 Meet with Hanover Township and the Hanover Township Emergency Services

 Department to determine the project goals and specific space needs requirements.
 - 2.1.2 FGMA will assist the Owner to obtain topographic surveys and sub-surface soil investigations (soil borings) as required. We have assumed that the Owner has conducted environmental surveys as part of due diligence as the property is being purchased.
 - 2.1.3 FGMA will prepare a list of spaces required for the new station, referred to as a space needs program. From the space needs program, a conceptual budget will also be prepared. The program and budget will be reviewed with the Owner and refined as required.

- 2.1.4 Upon Owner's approval of the space needs program and conceptual budget, FGMA will prepare Schematic Design Documents which shall consist of drawings and other documents including a site plan, preliminary building plans and elevations. Major building systems and construction materials shall be noted on the drawings or described in writing. The plans will be reviewed with the Owner and refined as required.
- 2.1.5 FGMA will prepare up to two exterior perspective sketches of the building design.
- 2.1.6 A preliminary building code analysis will be performed.
- 2.1.7 A schematic design budgets will be developed based on the station design. The budget will include construction costs and soft costs (furniture, fixtures, and equipment (FF&E), fees, and contingencies for a total project budget.
- 2.1.8 All work in this phase will be reviewed with the Owner prior to proceeding into the design development phase of work.

2.2 Design Development Services

- 2.2.1 From approved schematic design documents, FGMA shall prepare Design Development Documents which shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the project.
- 2.2.2 Site and floor plans, building elevations, interior elevations, and other design features will be further developed.
- 2.2.3 Civil, structural, mechanical, electrical, plumbing, security, and landscape drawings will be initiated to identify systems and overall scope of work required.
- 2.2.4 Exterior and interior design work will include signage, building materials/finishes, and colors.
- 2.2.5 The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels.
- 2.2.6 The project will be reviewed with the building department. If there are any items that are requested beyond the scope of this project, they will be discussed with the project team prior to incorporation.
- 2.2.7 Budgets will be updated upon completion of the design development phase.
- 2.2.8 All work in this phase will be reviewed with the Owner prior to proceeding into the construction document phase of work.

2.3 Construction Document Services

2.3.1 Upon approval of the design development phase, FGMA shall prepare Construction Documents for the Project. The Construction Documents shall consist of drawings and specifications as required to secure a building permit, procure bids, and build the

project.

- 2.3.2 FGMA has included civil, structural, mechanical, electrical, plumbing, fire protection engineering and security and landscape architecture consulting services as part of our scope of services.
- 2.3.3 The bidding requirements, including bid advertisement, general conditions, contract, and bid forms will be developed with input and direction from the Owner.
- 2.3.4 Budgets will be updated at 95% completion of this phase of work.
- 2.3.5 All work in this phase will be reviewed with the Owner.
- 2.4 Bidding and Negotiation Services
 - 2.4.1 FGMA shall assist the Owner in soliciting bids from Contractors.
 - 2.4.2 FGMA will respond to questions and provide clarifications to bidders, and issue Addenda.
 - 2.4.3 Conduct a Pre-Bid Meeting.
 - 2.4.4 Participate in the Bid Opening Meeting.
 - 2.4.5 Review bids for compliance to Contract Documents and conduct reference reviews.
 - 2.4.6 FGMA will provide a letter of recommendation for lowest qualified bidder.
 - 2.4.5 Prepare Construction Contracts for Owner's legal review.
- 2.5 Construction Administration Services
 - 2.5.1 FGMA shall provide construction administration services, including administration of contracts, submittal reviews, on-site observation visits, Owner/Architect/Contractor meetings, and punch list preparation.
 - 2.5.2 FGMA will conduct a pre-construction meeting with the Owner and Contractor.
 - 2.5.3 We have included (22) Owner/Architect/Contractor (OAC) meetings in conjunction with a site review meeting during the construction period. This averages to one (1) OAC/site visit every other week to monitor Construction Phase activities for general conformance with Construction Documents for a ten (10) month construction period.
 - 2.5.4 Prepare Punch-List and related follow-up of same. We have included one (1) meeting for preparation of punch-list and one (1) punch-list follow up meeting.
- 2.6 Services that are <u>not included</u> in our proposal are the following items:
 - 2.5.1 Topographic Survey
 - 2.5.2 Sub-Surface Soil Investigations (soil borings)
 - 2.5.3 Environmental Site Studies (i.e.: Phase 1 and 2 Environmental Studies).

- 2.5.4 Special site surveys for endangered species, historical significance, etc.
- 2.5.5 Hazardous Material Remediation.
- 2.5.6 Construction Soil and Material Testing
- 2.5.7 Building Commissioning
- 2.5.8 LEED Consulting Services
- 2.6 Consultants: FGMA has included the services of the following consultants:
 - 2.6.1 Civil Engineering: Webster, McGrath & Ahlberg Ltd.
 - 2.6.2 Structural Engineering: McCluskey Engineering Corporation
 - 2.6.3 Mechanical, Electrical, Plumbing Engineering: WT Group Engineering
 - 2.6.4 Electronic Security Consulting: Correct Electronics Inc.
 - 2.6.5 Landscape Architecture will be provided in -house by FGM Architects

3.0 ARCHITECT'S COMPENSATION

The Owner shall compensate FGM Architects for professional Architectural services rendered in connection with the Project under this Proposal as follows:

3.1 For all professional services in connection with Architectural Design and Construction Document Services as described in Paragraph 2.0 above, we propose a fee based on the % of the total construction cost:

	Project Final Construction Cost		Fee as a % of Construction Cost
	\$1,400	0,000 - \$2,000,000	9.75%
	Above	± \$2,000,000	9.25%
3.2	Egg Br	raakdawa nar Dhaca	% of Total Fee
5.2	Fee Breakdown per Phase:		% Of Total Fee
	3.2.1	Schematic Design	15%
	3.2.2	Design Development	20%
	3.2.3	Documents	40%
	3.2.4	Bidding	5%
	3.2.5	Construction Administration	20%
		TOTAL	100%

3.2 Reimbursable Expenses

In addition to the compensation above, FGMA shall be reimbursed for additional expenses in connection with the Project, invoiced to the Owner at One Hundred Ten Percent (1.10) times Architect's actual direct cost of same, for the below items. We recommend establishing a Reimbursable Allowance of \$1,000, which FGMA shall not exceed without prior written approval of the Owner. Reimbursable Allowance includes costs for items below.

- 3.2.1 Expense of postage and/or delivery.
- 3.2.2 Expenses of any specialty consultants with Owner's prior approval.
- 3.2.3 Expense of Contract Document printing for permit submittal.
- 3.2.4 Any fees paid by FGMA to authorities having jurisdiction over the project with Owner's prior approval.

Local travel (travel less than 100 miles), phone, fax, and printing of review sets shall not be charged as a Reimbursable Expense.

- 3.3 If specialty consultants are required, FGM shall be reimbursed for consultant expenses in connection with the Project, invoiced to the Owner at One Hundred Ten Percent (1.10) times Architect's actual direct cost of same.
- 3.4 Payments shall be made by the Owner to FGM upon receipt of FGM's invoice in accordance with the Local Government Prompt Payment Act.
- 3.5 Non-payment of invoices shall constitute grounds for discontinuing service.
- 3.6 The terms of this Proposal are based upon services commencing within 30 days and all services being completed within four months thereafter.

4.0 Form of Agreement

Upon review and approval of this proposal, FGMA shall enter into a Professional Services Agreement as mutually acceptable for the services outlined in this proposal.

We appreciate this opportunity to be of service to Hanover Township for this Project.

Sincerely,

FGM ARCHITECTS INC.

February 12, 2020

Mr. James C. Barr Township Administrator Hanover Township 250 IL Route 59 Bartlett, Illinois 60103

Re: Qualifications for Architectural Services for the Design and Construction of a

New Station for the Hanover Township Emergency Services Department

Dear Mr. Barr:

Hanover Township is about to embark on a unique project for the Emergency Services Department. Our understanding of the project is that you would like an architectural firm experienced in the planning and design of public safety facilities to lead and guide the Township through the process by providing feasibility studies for potential sites, confirmation of space needs, facility design, budgeting, and implementation of the project. The Township may look at potential adaptive reuse, renovation, or new construction. We understand the budget is tight, so cost effective solutions are imperative.

FGM Architects would very much like to be the architectural firm to work with you on this project. As a firm that specializes in public safety planning and design, we have relevant experience working with emergency management agencies, as well as many fire, police, 9-1-1, and emergency operations center operations.

In the Statement of Qualifications, we have provided information about our firm expertise, proposed staff and consulting engineering partners, a sample of projects that include similar spaces required in the emergency services station, and other supporting specialties that our firm brings to your project, including, resilient, security, sustainable and wellness design.

We would like to identify three reasons why we believe we would be the best choice for Hanover Township and this project.

FGM's Public Safety Team is Second to None – The proposed team for your assignment is a senior and experienced team and includes Ray Lee, Jason Estes, Louise Kowalczyk, Raegan Porter and Elizabeth Cerny. These individuals have more than 75 years of combined experience in the planning and design of public safety facilities. Together with our engineering consultants, each of whom we have worked with for years, we will provide to you a unique level of experience. We invite you to call client references to inquire about the problem-solving abilities, attention to detail, creative solutions and the personalized service of FGM as a firm and more specifically, this team.

FGM is a Leader in Public Safety Facility Design – As a leader in public safety design, we have worked on hundreds of fire service and law enforcement projects with many projects that have emergency management agency components. FGM has earned the trust and respect of public safety professionals through honesty, mutual respect and a genuine desire to support the public safety industry. Our continued passion for public safety design and its changing trends keeps our experience fresh and relevant. The expectations of public safety agencies are changing - there are new threats and hazards, but also opportunities, we stay on top of those trends.

FGM has Recent, Local Public Safety Experience – Our experience is both current and applicable to your project. We have worked on many public safety projects for communities within Hanover Township, including Bartlett, Hanover Park, Hoffman Estates, and Streamwood. We also have a lot of experience with both new and adaptive reuse projects converting existing buildings for new uses. We know how to "stretch your dollar" and work cohesively with the Township, authorities having jurisdiction, and the selected builder and subcontractors to deliver a facility that will serve your long-term needs.

We believe that the combination of the strengths listed above, and our qualifications makes FGM Architects uniquely qualified to become your partner for this project. We sincerely look forward to the possibility of working with you on this exciting project. If you have any questions about our Qualifications or would like to further discuss your Project, please contact us. We look forward to hearing from you.

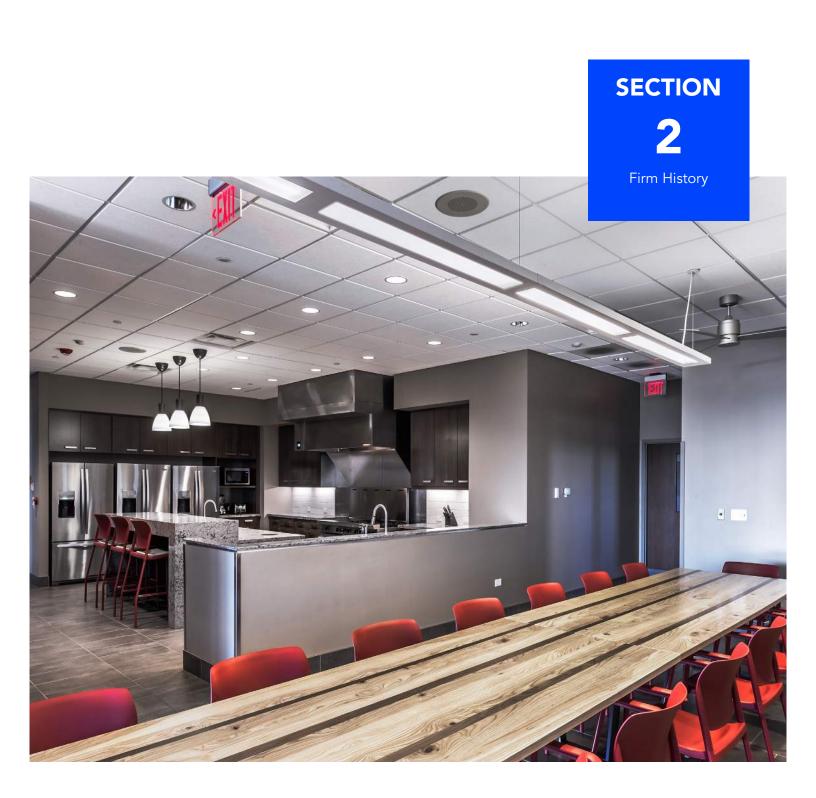

Mr. Jason Estes, AIA

Project Manager

Sincerely,

Raymond Lee, AIA
Principal in Charge

rayl@ fgmarchitects.com jasone@ fgmarchitects.com

FGM Architects work with people and organizations that serve others and impact lives.

At FGM, we call ourselves a "community-based" architecture firm. That is, our practice is dedicated to enhancing communities through environments that make up the landscape of our daily lives. Over our 70-year history as a business—and through our work with countless municipalities—we have honed a set of core values that include commitment, integrity and people.

These values guide everything we do.

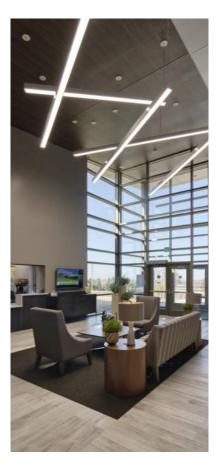

We've found that how we work with our clients is just as important as what we design. We believe in face-to-face communication, listening and observing how users interact with their environment.

Our team is committed to delivering world-class design that is aligned with your unique scope, schedule and budget.

Because we work almost solely with publicly-funded organizations, we understand that the people we serve extend well beyond those we report to on a daily basis. As such, one of the most important things we do is to involve stakeholders in every step of a project.

The end result is a design solution backed by solid consensus; everyone has participated in its creation and understands the logic of the planning process. We help lead this process and act as a trusted advisor, providing our clients the information and technical advice they need to make decisions quickly and confidently.

At the end of the day, it's the client's mission that determines project priorities. To achieve this, we have to be a partner. We bring a balanced, commonsense design approach that considers all aspects of a building, not just the aesthetic.

FGM's Municipal Practice is a dedicated group of individuals who focus exclusively on your type of project.

We understand that working with local government involves balancing the interests of elected officials with the needs of municipal staff and the demands of a community that may question the need to spend tax dollars on a capital project.

We begin with the end in mind starting with a carefully crafted project goal statement that captures your goals and defines how the project's success will be measured upon completion. This critical first step unifies everyone involved and facilitates important design decisions along the way.

From there, we bring innovative practice solutions to the table as we help our clients select the right choices for both the project and their community.

FGM's qualifications are informed by our core purpose, mission and values. These are the cornerstones of our practice and the source from which we meet our clients' goals and objectives, manage our firm and support the professional development of our staff.

CORE PURPOSE

FGM exists to enhance communities by creating quality environments.

MISSION

We provide architecture, planning and interiors services to a diverse clientele by assembling an integrated professional team who develops strong relationships and works collaboratively with the client to meet the client's present and future needs.

VALUES

Commitment to our Clients:

We build long-term relationships by providing quality design and service that meets our clients' needs, values and interests.

Commitment to the People of FGM:

We offer opportunity for quality professional life and support for quality personal life to all.

Commitment to Ethical Conduct:

We bring integrity, respect, fairness and honesty to all our relationships.

Commitment to FGM:

We apply sustainable business practices. These include responsible fiscal management, market diversity and development of future leaders.

AVAILABILITY

We are confident that the level of service and response we provide is valued by our clients.

FGM's current workload as a team and the project work of your individual team members will not interfere in any way with the completion of your project. Your project is important to us. In addition to the team specifically assigned to your project, FGM has a depth of 100+ professionals able to assist on an as-needed basis.

PUBLIC SAFETY AND MUNICIPAL ADMINISTRATION EXPERTS

TRUSTED LEADERS IN PUBLIC SAFETY DESIGN

Our team works closely with municipal leaders, command staff and supervisors to lead clients through the design process. Staff safety is very important to us; we understand the distinct levels of security, containment issues, and the nature of 24/7 mission-critical operations. We have worked with very small communities as well as ones with hundreds of personnel. Our experience includes:

- Multiple decades of experience specializing in public safety facility design including Police, Fire, 911 and Emergency Management Facilities.
- A nationally-recognized practice with abundant local, state and federal designed projects.
- Familiarity with Illinois statutes, standards and best practices.
- Hundreds of public safety consulting projects including existing conditions analyses, space needs studies, preliminary design and budgeting, site selection and feasibility studies.

RESILIENT DESIGN This specialized area of our practice involves design that helps prepare and plan for, absorb, recover from and adapt to adverse events. This includes withstanding natural hazards such as tornadoes and earthquakes, as well as man-made threats such as active shooters, forced entry, and vehicle explosions. We are well-versed in anti-terrorism / force protection (ATFP, DOD/UFC) and ICC-500 / FEMA-361 guidelines, and have designed multiple storm shelters.

SUSTAINABLE DESIGN FGM believes in sustainable design and incorporates 'green building' features

into every project we design. We designed the first LEED Gold police station in the United States, designed the only LEED Platinum public safety facility in the state of Missouri, and completed eight additional LEED Gold and two LEED Silver public safety projects.

Sustainable architecture also means making sure that our client's facilities achieve harmony with their surroundings. Through blending style and materials with the built context, developing a landscape that has engaging view sheds and a sense of privacy and selection of a design aesthetic we aim to help our clients realize buildings that integrate wholly with and sustain their neighborhoods.

PARTNERS At the end of the day, it's about partnerships. Your public safety facility is an incredibly important endeavor. We take it seriously and we will guide you through the entire process.

FUTURISTS Helping you plan for the future is critical to the process. Our participation in public safety goes beyond facility design. We help you look ahead—envisioning what will you need in the future and how public safety and municipal service may evolve. Today's designs need to serve for the next 50 years.

COLLABORATORS There's no one solution. It is our job to study an issue, collaborate with all stakeholders and present distinct options. We'll help you decide which is the right one for you.

GOOD NEIGHBORS FGM, enhances communities by creating quality environments. This is not just a mission statement, it's our way of life at FGM. We treat every community like it is our hometown.

FGM has provided Hanover Township with a team of talented experts who will deliver your projects on time and on budget.

We offer you individuals with a proven record of experience who are committed to ensuring that your project will be of a highly distinctive quality.

FGM has developed a Principal-led team dedicated to Hanover Township.

RAYMOND K. LEE, AIA, LEED AP, CSI

Principal

"As a Public Safety Geek, I strive to create the best facilities."

Ray specializes in the programming, planning, design and construction of public safety and municipal facilities. He is recognized for his deep understanding of police, fire, 911 and EMA operations, which greatly benefits the organizations he serves. Ray also has an outstanding knowledge of resilient design, focusing on best practices for safety and security from man-made threats and natural disasters.

We make it a practice to enlist only those consultants who have demonstrated exceptional performance.

FGM is a professional architectural design firm. In order to integrate other discipline firms into our team of professionals, we are extremely meticulous and particular as to how firms are selected to work on our projects. We have longstanding relationships with many of the consultants with whom we work, some going back over 40 years.

The experts we have selected complete our facilities team and are experts in pulbic safety facility design.

We have provided a listing of the consultants with whom we have worked and/or are currently working with on a variety of projects.

We have a long working relationship with each of these consultants and we are a tried and proven team.

Each team has a variety of expertise in varying project types and we propose to work with you to discuss the best team to deliver engineering and security services to meet the needs of your project.

EXPERTISE

PEG is a full service engineering and surveying firm. This allows us to provide a very streamline quality from the initial planning though the final stages of construction and project close-out.

PEG has been nominated for National Association of Industrial and Office Properties (NAIOP) Top Design Firm for 2014, 2015, 2016 in the Midwest. PEG continues to be an industry leader providing sustainable and innovative design for some of the largest developments in the Midwest.

The engineers at Pinnacle possess the experience to understand the unique requirements of each project type and its complexity allowing PEG to make immediate contributions to every project.

PINNACLE ENGINEERING GROUP

Civil Engineering

Pinnacle Engineering Group (PEG) was founded in 2011 to create a company where people who value friendship, loyalty, and team collaboration would flourish. At PEG, every individual plays a key role in the success of the company as we take a team approach on every aspect of every project. By drawing on the experience and expertise of each team member, PEG is able to provide the highest quality of work and service to our clients.

Within this time, PEG has grown to almost 40 professional staff across three offices. This is attributed to the success of every project and service provided. The firm's commitment to providing resourceful, expeditious and highly skilled services continues to make PEG an industry leader.

McCluskey Engineering
Corporation offers preparation of
contract structural documents for
new construction or remodeling
of existing structures, consultation
of construction methods including
cost comparisons and value
engineering and evaluation of
existing structures or distressed
conditions.

McCluskey also provides the structural design and shop drawing preparation for the precast concrete industry.

MCCLUSKEY ENGINEERING

Structural Engineering

McCluskey Engineering Corporation was founded in 1988 to provide a wide range of structural engineering design and consulting services to architects, contractors and owners. The extensive experience of the firm's principal and key staff members allows McCluskey to offer a full range of engineering services.

McCluskey Engineering Corporation (MEC) is a dedicated structural engineering firm, offering engineer of record and precast engineering services across the Midwest and nationwide. For nearly three decades, we have offered the best in structural engineering consulting services to clients in a diverse range of industries. MEC was founded in 1988 and is led by principals Seth Michael and Doug Colclasure.

2675 Pratum Avenue Hoffman Estates, Illinois 60192 224.293.6333 wtengineering.com

EXPERTISE

Cutting edge computer technology is used to create special designs for various municipal facilities including fire stations, park district facilities, health and financial institutions, village halls, car washes, police stations in addition to privately-owned restaurants and condominium buildings.

With more than 30 years of experience developing engineering systems for heating, cooling, ventilating, plumbing, electrical and fire protection, WT Group ensures design consistency, clarity and accuracy in the most cost and time efficient manner.

WT GROUP

MEP/FP Engineering

WT Group has been providing design services since 1972. They have extensive experience in the designs and application of heating, air conditioning, ventilation, refrigeration, plumbing, electrical and fire protection systems, site design, storm water management, land surveying and permitting. Their dedication and respect for the profession, years of experience in the field and the performance of the systems they have designed will attest to their engineering skills.

PROJECT EXPERIENCE

Our relevant experience demonstrates that FGM brings to Hanover Township the necessary skills to translate your needs into reality.

Our experience brings value to your project. We provide quality design that responds to the functional and aesthetic requirements of each project. We consistently deliver projects that are reflective of the high level of energy and creativity of our team.

We have the leadership expertise to oversee the schedule, budget, communication and management issues involved in projects. The projects we have highlighted on the following pages are just a few of the solutions FGM has provided to our clients to meet their special and unique needs.

A Comprehensive Retrofit of an Abandoned Factory

POLICE & EMERGENCY MANAGEMENT HQ

The project received a 2016 top honor from the Construction Industry Service Corporation's Pride in Construction award program.

The design, based on FGM's space needs study, incorporates and enhances most of the original 46,000 sf structure. For example, a wide sidewalk fronted with spaced brick columns was added to prevent vehicular intrusions.

The interior of the ADA-compliant building is designed to facilitate modern police investigations with

"We are very proud to have completed this project on time, under budget and without any additional taxes or costs to our residents."

Mr. Frank Soto, Village President

state-of-art evidence collection rooms, storage systems and interview rooms where police reports can be taken in private. A large multi-purpose room is used for training and professional development activities as well as community meetings.

CRISIS MANAGEMENT The Emergency Management Center on the lower level is a community tornado shelter with room for indoor squad car parking as well as a 28-foot wide gun range for active shooter training. Long-term backup generators ensure that the facility is fully powered and available at any time. Critically, the EMC provides backup for Bensenville's entire IT infrastructure. Redundant mechanical and electrical systems ensure the safety of both people and information.

FUTURE READY Adjacent to O'Hare International Airport, regional planners anticipate that the population and transportation infrastructure of this area will continue to grow. This headquarters is designed to accommodate both additional staff and expanded operations to meet future challenges and advances in public safety technologies.

SAVINGS FOR THE COMMUNITY FGM designed to LEED Gold standards, making it 20% more efficient than a conventional building of its size. As a result, the Village will receive a 70% federal rebate on all interest paid for the bonds that financed design and construction of the facility. Over time, the savings can grow to \$1.5 million when the bonds are paid out. The Village was also awarded \$117,788 in grants to reimburse energy efficiency upgrades through the Illinois Energy Now program.

New Home for Lake Co. 911, EMA & ETSB Services

EOC, 911 & ETSB FACILITY

FGM has completed Phase 1 planning for a replacement facility that will house 9-1-1, EMA and ETSB services on a Lake County Government Center campus. FGM's plan provides decision-makers with options for a facility to replace the existing building at its present capacity OR build a larger facility with the capacity to house consolidated 9-1-1 services for multiple Lake County communities.

The Phase 1 plan was completed in tandem with FGM's current design work for a new Consolidated Public Safety facility that will house all law enforcement functions of the Lake County Sheriff's Department. It's anticipated that the two facilities will be co-located with a linkage between the buildings and space allocated for shared activities such as training. FGM's Phase 1 plan includes a detailed space program, schematic site and floor plans and preliminary cost estimates for the options provided.

LISTENING TO STAKEHOLDERS To create the Phase 1 plan, FGM gathered input from diverse stakeholders including staff of various Lake County agencies as well as representatives of Lake County municipalities that may participate in a consolidated facility.

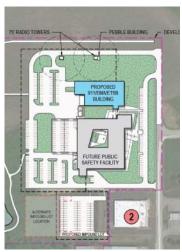

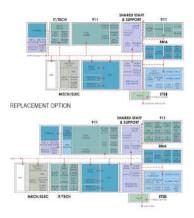

Stakeholder input, understanding of Lake County's Master Plan and expertise in the design of resilient public safety buildings formed the basis of the Phase 1 plan now under consideration by decision-makers.

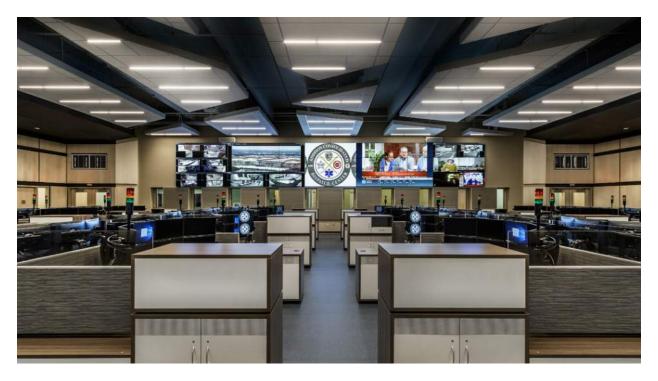

ELEMENTS OF THE PLAN As Lake County considers consolidating 9-1-1 services, identifying detailed space needs to support operations is critical. The Phase 1 plan projects that the new facility will range from 20,000-28,000 square feet depending upon the level of consolidation. Accompanying preliminary construction cost estimates range from approximately \$25-34 million.

FGM's design provides options for a communications center that can be sized to support between 10 and 30 dispatchers and an adjacent emergency operations center. Space is included to house mechanical and electrical systems as well as the IT/technology infrastructure for all operations.

In addition, the building will include sufficient office and workspace, including meeting rooms, for administrative/management 9-1-1, EMA and ETSB personnel. Understanding the demanding nature of emergency services work, FGM incorporates space for break rooms, locker rooms, a fitness center, and quiet rooms for stress relief. The two buildings will be complementary, yet distinct, with consideration given to landscape design as well as overall site security needs.

Growth from 8 to 34 Dispatch Stations

911 CONSOLIDATED DISPATCH CENTER

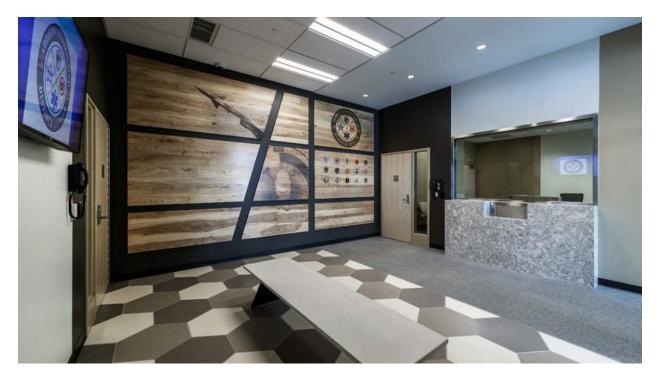

FGM has been a long-term partner to the Village of Addison. When they recently outgrew their former dispatch center, they approached FGM to design and construct a new, larger dispatch center.

Having renovated Addison's old center in 2011, FGM collaborated closely with the Village and the Addison Police Department to design a larger regional dispatch center. This included an ICC 500/FEMA P-361 tornado safe room.

While the primary purpose of the center is to serve the Village of Addison, a secondary goal was to design a facility large enough to function as a backup center for all of DuPage County.

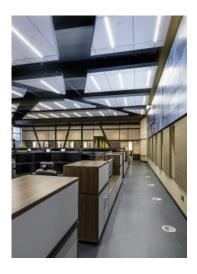

FGM's experience and expertise in building dispatch centers allowed us to truly understand and implement practical features necessary for dispatch workers, not only to perform their job in the harshest conditions, but also to be comfortable while doing so. Consequently, the new station features an environment with amenities which function as outlets to help alleviate dispatcher stress.

30

The new dispatch center incorporates a resilient design for disaster scenarios like tornadoes and earthquakes. The final design of the center focused on practicality and an inconspicuous yet pleasant aesthetic.

A New Home for St. Charles Police

ST. CHARLES POLICE STATION

An abandoned shopping center was razed to build a new home for the Charles Police Department. Salvaged metal and

bricks are included in the centrally located facility which also features limestone and painted concrete. The station is designed to welcome the community, support 21st century policing and be ready for future needs.

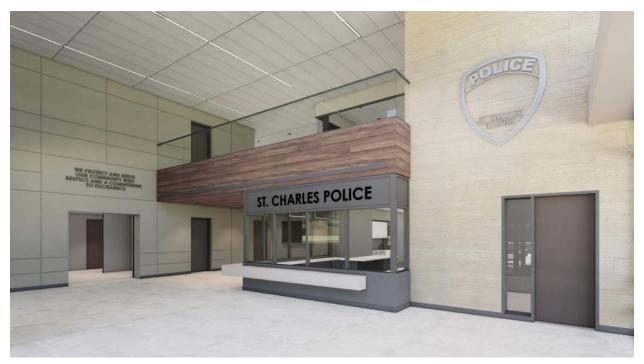

A COMMUNITY PLACE

The public entrance includes a lobby, reception counter and multi-purpose room that seats 60 for training activities and community meetings.

"The City of St.
Charles, our residents
and staff have a
modern, efficient and
21st century police
facility that the entire
community will use
and benefit from for
generations to come"

Names Keegan St. Charles Chief of Police

Throughout the building, murals and historic photos evoke past eras of policing and stages of St. Charles development.

TO PROTECT & SERVE Offices, open space work areas, conference and interview rooms provide ample space for Investigations and Patrol teams. Each team's space is designed to facilitate efficient workflow and communication. For example, Patrol staff work in an area with a roll call room, space for writing reports and easy access to equipment and weapon storage.

The Evidence area has an up-to-date forensics lab with equipment for fingerprint analysis and biological evidence, high-density storage racks and a garage for confiscated vehicles.

A drive-through sally port is a key feature of the Detention area which also includes 5 cells and interview rooms. A squad car garage for 30 vehicles ensures that officers can respond immediately regardless of weather conditions and that the cars will have a longer life.

The second floor of the station features office space for Police administration; conference rooms and classrooms; a small kitchen and dining area; locker rooms and a fitness area that is also used by City staff.

FUTURE READY & SUSTAINABLE The St. Charles Police Department is designed to meet the community's needs for 50 years with flexibly designed space that can be easily adapted for future usage. The 6.5-acre site allows room for building additions if needed.

Portions of the station will serve as a storm shelter when needed with redundant mechanical and electrical systems. A stormwater detention system will help mitigate community flooding issues.

Visual Symbols of Civic Pride to the Community

ELK GROVE FIRE STATIONS NO. 8 & NO.10

Fire Station 8, located in a major business park, combines two outmoded stations into a new station. Fire Station 10 replaces an older facility and is sited on a busy thoroughfare, providing a visible symbol of civic pride to the community. Both stations have 4 apparatus bays to house fire trucks and other vehicles.

DECONTAMINATION AREAS Fire personnel safety is top priority for Elk Grove Village. The new stations have self-contained decontamination areas that contain toxins when personnel return from fires. The "hot-zone" areas include extraction equipment, laundry, shower and custom-made saunas with infrared heat and stationary bikes so that fire fighters can quickly sweat off harmful toxins.

TRAINING & STORAGE Station 8 features a large training tower behind the station that's equipped with "burn props" used to simulate different fire scenarios.

Stations 10's tower, used to hang hoses, bridges the apparatus bay and work/living quarters providing a unified sense of scale for the entire facility. Both stations include training rooms that are used for community meetings.

WORK-LIFE BALANCE Maintaining work-life balance poses unique challenges for fire fighters who often spend 72-hour continuous cycles at the station. The living quarters at both stations include comfortable seating with tables so that personnel can spend time with their families. Expanded bar-height counters in the kitchen/dining areas promote casual conversation and camaraderie.

Updated FPD Gains Needed Efficiencies (In the Township)

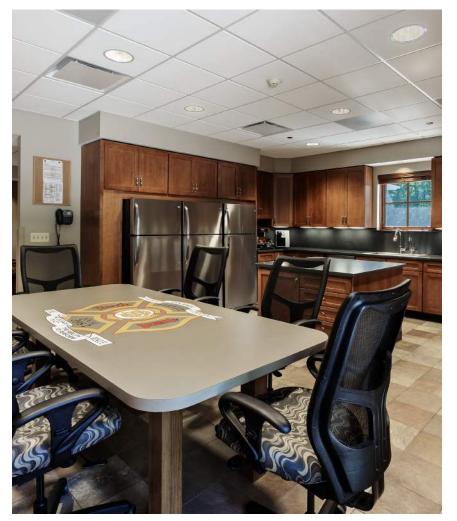

STATION NO. 2 RENOVATION

Two of Bartlett Fire Protection District's facilities lacked efficiency, were outdated and required updates to meet current fire service standards.

FGM completed a study of both stations that reviewed deficiencies in building construction, building layout, useful operation flow, functionality and future growth capabilities.

As a result of the study, Bartlett Fire Protection District engaged FGM to complete a 6,800 sf renovation Station No. 2. The renovated station meets current fire service standards.

New Municipal Campus Design (In the Township)

POLICE STATION, VILLAGE HALL & MEMORIAL

The Streamwood Police Department had significantly outgrown their existing station and with its poor condition, the village elected to replace it. The design of the new station was to also complement the design of the existing village hall which is located on the same municipal campus.

The new two-story police station was designed as part of a comprehensive re-design of the municipal campus site that also contains a village hall, veteran's memorial and community service garage. Some of the features of the station include a community/training room, large firing range and a 23-space indoor parking garage for police vehicles.

New Trends Shape Modern FS Headquarters

STREAMWOOD FIRE STATION HQ

FGM is currently building a new headquarters for the Village of Streamwood Fire Department. The new facility, opening in 2021, will replace an outmoded station on the same site.

The new Headquarters will house the Fire Chief, other senior fire personnel as well as administrative functions that were previously located at another facility. In addition to offices, the station will include open plan workspaces and a conference room.

The station will have a spacious multi-purpose room that can also be used for community meetings, complemented by a kitchenette and public restrooms. An EMT room is available for the public to have blood pressure checks.

Living quarters in the new station will include a combined kitchen and dining area, outdoor patio area, a day room and individual bunk rooms for up to 7 fire fighters. Individual shower/toilet rooms offer privacy and a dedicated exercise room will support fire fighters' preparedness for emergency calls.

The state-of-art apparatus area will include four double-deep bays and a training tower. Ample space will be allocated for

equipment and turnout gear as well as extractor and laundry equipment.

Outside the station parking will be available for the public as well as fire personnel.

New Design with Traditional Flair (In the Township)

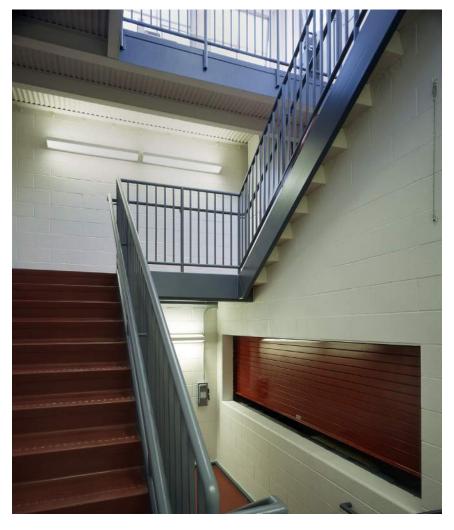

STATION NO. 1

When the decision was made to build a new headquarters fire station, the desire to reference old-world tradition in a cost conscious manner without sacrificing quality and efficiency presented several challenges.

The basement provides a dividable space which can support multiple meeting rooms, large storage areas, a fitness room and public restrooms.

The living quarters are located on the second floor, providing a clearly demarcated space allowing maximum privacy from day-to-day Administrative operations. The second floor outdoor deck area, accessible from both the bunk area and kitchen, provides a semi-private area for on-duty firefighters to relax. In an effort to reduce response time during sleeping hours, slide poles reminiscent of 'old world' firehouses were incorporated.

Green Finishes & Open Floor Plan Feel Homey

FIRE STATION NO. 24

Built in a developing area, the Village of Hoffman Estates' Fire Station No. 24 needed to have environmentally sustainable products and finishes that were easily maintained and be able to accommodate both the firefighters that would call this home and the public when necessary.

With a striking non-traditional design, the station includes a circular building component that capitalizes on the functional benefits of a semi-circular day room for optimized TV viewing on one side and a day-lit, first floor fitness room with operable windows facing the exterior. Overall water usage is reduced by 30% partially through an underground cistern collecting rainwater which is used for washing fire vehicles. The floor finishes blend recycled content carpet with sealed, natural concrete floors for low maintenance. A combination training room/community room/backup EOC located in the lower level can accommodate 56 and serve multiple uses. The spacious kitchen/dining/day room is very open, allowing desired connectivity between staff.

Cost Effective Design Ideas Bring Value

CENTRAL STATION & STATIONS NO. 2, 4 & 5

Situated among farmland near Peoria, Illinois, the Limestone Township Fire Protection District was faced with challenges. Its outdated stations were struggling to accommodate EMT services, train the volunteer staff and attract new volunteers to the district.

The district evaluated how the stations were serving the community and after passing a successful referendum, chose FGM Architects to design a new Central Station and renovate Stations No. 2, No. 4 and No. 5 to accomplish their goals.

The existing stations were basic with small bays and unassuming exteriors. The exteriors of the stations each looked different and were at times difficult to see in the rural landscape. FGM worked with the district to develop a consistent, eye-catching brand for all of the stations' exteriors through color selection and materials to improve visibility and consistency.

With the new branding and improved bays in mind, FGM and the district set to work on the new construction and renovations.

CENTRAL STATION The new Central Station, located on five acres of land, provides living quarters for full-time EMT staff, new apparatus bays that accommodate current apparatus technology, a training tower at the front of the building to showcase the district's training capabilities to potential volunteers and a storm shelter for community use during inclement weather.

STATION NO. 4 The renovations of Station No. 4 are the most dramatic, as the upgrades include new prefab steel structure bays with steel cladding, a bunkroom, a dayroom, a storm shelter and apparatus support space. The existing masonry bays were transformed into the new residence for the station. The renovation nearly transforms the Station into a complete satellite station.

STATION NO. 2 Station No. 2's upgrades include a new dayroom and storm shelter. The new framed structure residence has steel cladding and the existing masonry bays were renovated.

STATION NO. 5 Station No. 5 will add new bathrooms and a storm shelter. Interior and exterior paint, HVAC systems, doors and acoustics will be upgraded in each of the renovated stations.

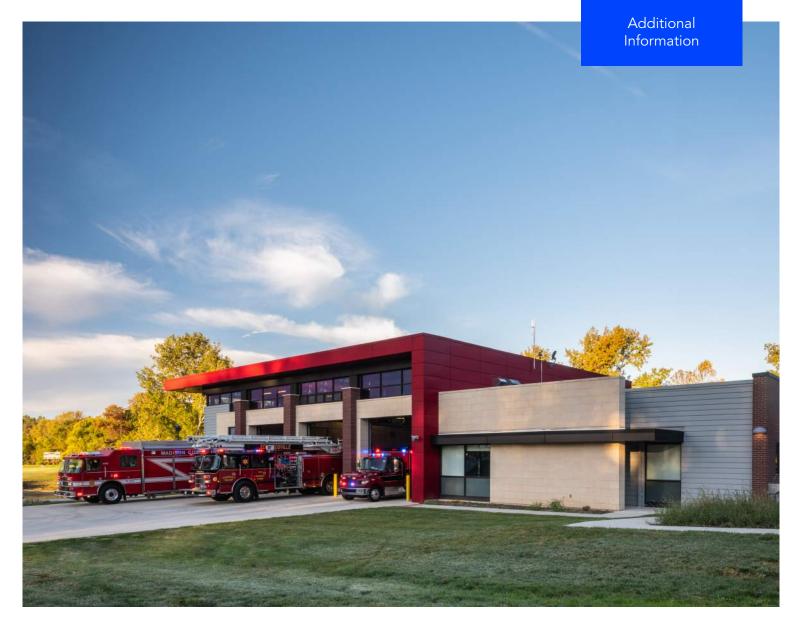

All projects included new HVAC systems and efficient insulation for energy efficiency.

SECTION

FGM is committed to preserving the environment through sustainable design and energy conservation.

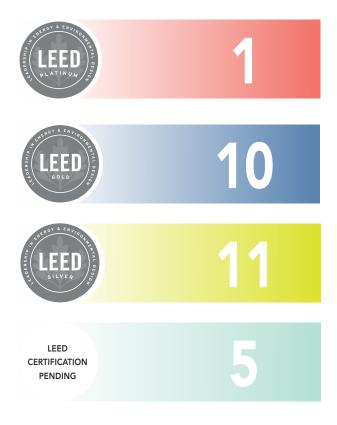

We have invested in training to educate our team to value the importance of sustainability which is then incorporated into the planning, design and construction of each of our projects.

Our team has 21 employees who are LEED Accredited Professionals and FGM is also a member of the U.S. Green Building Council. This accreditation recognizes expertise in green building and Leadership in Energy and Environmental Design (LEED). The focus on the environment and the incorporation of sustainable design and energy conservation principles is integral to our design process.

We have invested in training to educate our team to value the importance of sustainability which is then incorporated into the planning, design and construction of each of our projects. The focus on the environment and the incorporation of sustainable design and energy conservation principles is integral to our design process. These practices contribute to the development of healthy, safe, energy-efficient facilities.

Our project team has extensive experience with both the design and commissioning of LEED certified projects. FGM has completed 20 LEED certified projects including the recently Silver certified University of Chicago Lab Schools Gordon Parks Arts Hall project. The project team will prepare all the required design strategies, scorecards, documentation and submittals to the USGBC for certification.

SUSTAINABLE PROCESS

We work with our clients early in the process to set environmental goals that are reasonable, practical and meet the budget. On every project, whether or not LEED Certification is pursued, we incorporate green solutions which achieve healthy indoor environments and high performance systems. Green design does not need to cost more but is dependent upon the choices made during the design process. We analyze the first cost vs. life cycle operational costs of systems such as mechanical, electrical or exterior envelope systems. We understand that as stewards of your institution, we need to help you make the best decisions for today as well as future decades.

Design has a tremendous impact on health, operational costs and the environment.

WELL BUILDING

The way that buildings are designed, constructed and maintained impacts the way we sleep, what we eat and how we feel.

The WELL Building Standard uses innovative, research-based strategies to advance health, happiness, mindfulness and productivity in our buildings and communities.

The WELL Building Standard consists of features across the seven concepts that comprehensively address not only the design and operations of buildings, but also how they impact and influence human behaviors related to health and well-being.

WELL BUILDING CONTINUED

AIR

Establishes requirements in buildings that promote clean air and reduce or minimize the sources of indoor air pollution.

LIGHT

Provides guidelines that minimize disruption to the body's circadian system, enhance productivity, support good sleep quality and provide appropriate visual acuity.

WATER

Promotes safe and clean water through the implementation of proper filtration techniques and regular testing for building occupants to receive optimal quality of water for various uses.

FITNESS

Promotes the integration of physical activity into everyday life by providing the opportunities and support for an active lifestyle and discouraging sedentary behaviors.

NOURISHMENT

Requires the availability of fresh, wholesome foods while limiting unhealthy ingredients and encouraging better eating habits and food culture.

COMFORT

Establishes requirements to create a distraction free, productive and comfortable indoor environment.

MIND

Optimizes cognitive and emotional health through design, technology and treatment strategies.

WELL projects complete third party, on-site testing to ensure they've achieved key components of the WELL Building Standard. Performance verification is built into the WELL Certification process.

SCHEDULE AND BUDGET MANAGEMENT

FGM takes pride in our ability to manage complex assignments and keep them on schedule and within budget.

SCHEDULE MANAGEMENT

Before any sketch is generated or any line is drawn, our team will engage in a thorough project planning process which will establish a common set of goals and objectives for the project. These goals are developed and understood by the client as well as the architects, designers and consultants. The main schedule milestones will be identified prior to the commencement of the project and each team member will understand the importance and impact of their involvement in meeting the scheduled goals.

Establishment of a schedule requires the cooperative involvement of the design professional and the owner. Because we believe that each facility belongs to the client and the building users, our design process places you at the center of the design team. We weigh the need for a desired occupancy date against budgetary limitations, potential risks and the client's decision making process.

During the early phases of the project, working with the owner, goals and priorities will be set relating to aesthetic, functional and budget parameters. This will be accomplished through a collaborative consensus building process that will involve all members. As a group we will develop a work plan with which will be our roadmap for the project.

This schedule will help us organize the tasks by phase relating to the milestone dates. It will also indicate when information is required for decision making. It will establish review and approval periods relating to committee and board meetings. The schedule will target budget/estimate reviews, meetings with municipal agencies, internal department reviews and all of the detail required during the various project phases.

BUDGET MANAGEMENT

FGM uses an active "Design to Cost" approach rather than a "Costing of the Design" process. Costs are controlled by means of frequent construction cost estimates throughout the progress of a project. In the early stages, costs will be estimated using square footage or other yardsticks. Due to the large number of projects that we bid every year, we have a large database of recent bids on which to base early estimates that we will provide as input into this early costing process.

A cost model will also be developed in the context of the project budget for all of the major building systems by which alternatives for those systems can be evaluated. It is far easier to make adjustments to maintain cost control in the early stages of the project than in the latter. Your Principal-in-Charge will be involved in this cost monitoring process from project inception through to project close-out to ensure your budgeting concerns are not overlooked.

As a project progresses, more detailed estimates are completed by the Construction Manager/General Contractor and reviewed in depth by us. Manufacturers and suppliers are often consulted regarding specific costs of items.

Alternatives for all building systems are presented to the city with a list of advantages and disadvantages and cost estimates related to the cost model for those building systems so that decisions are made within the overall framework of the budget.

As part of the interdisciplinary coordination meetings that are held on a regular basis over the course of designing and coordination all elements of a project, we benchmark the development of building systems against established budget parameters. We want to develop the best system possible for a client within the budget range that has been established.

We do not want to design a system that has to be altered to fit within a budget. We will not sacrifice functionality. By continuously measuring systems development against budget parameters, rather than only reviewing budget after phases have been completed, we believe that we will eliminate project revisions, maintain the project schedule and ensure project quality.

By constantly monitoring a project, changes during the design are incorporated in updated estimates, and the project scope or building systems can be selected or altered to maintain the budget.

FGM recommends the development of cost estimates during the following stages of a project in order to effectively manage your cost:

- At the Commencement of the Project—
 The estimating process begins very early in the project and is reviewed and updated during each phase of the project. This ensures that the project stays within your budget. Our objective is to develop an estimate that accurately reflects the price at which your project can be awarded. This requires precise pricing, experienced judgment and continuing assessments of local market conditions.
- At the Conclusion of Schematic Design
- At the Conclusion of Design Development
- At 65% Completion of Construction Documents
- During Evaluation of Bids—Upon receipt of bids, we assist the Construction Manager/General Contractor with the check of the cost estimates provided previously to ensure the qualified bidders are at or under budget. Besides cost, information of the bidder's financial stability, previous experience, equipment ownership, and insurance is carefully reviewed.

TECHNOLOGY

FGM strives to keep up-to-date with new design tools that helps us better serve our clients.

Over the past 15 years, a trend has evolved to design in 3D versus the traditional 2D method. This technology is called Building Information Modeling (BIM). BIM creates a digital representation of the building that allows designers and contractors to make accurate decisions, high quality construction documents, performance predictions and cost estimates.

REVIT

REVIT

3-D project design that uses intelligent model based process to plan, design, construct and manage buildings and infrastructure.

NAVISWORKS 3

NAVISWORKS

Project review software that provides holistic review of integrated models and data to better control project outcomes.

3DS MAX

3DS MAX

Modeling and rendering software that creates photorealistic renderings.

ENSCAPE

Virtual walkthroughs in Revit with navigation that allows user to look at any part of the building in real time with 3D gogglers or on screen.

DELTEK VISION

Project based resource planning software and project management.

ADOBE CREATIVE CLOUD

Graphic development software.

NEWFORMA

Project management, communication and document management.

MICROSOFT OFFICE 365

Collaboration and communication software.

BUILDING INFORMATION MODELING

FGM provides 3D models integrating architectural, structural, mechanical, electrical, plumbing and fire protection design disciplines.

We have a dedicated Architectural Applications Expert to lead the implementation of new design tools and to manage our BIM software libraries. We utilize clash detection software which reviews our integrated models to identify constructability issues, thus increasing the overall quality of our construction documents.

In addition, our tools help us to communicate the design to you through the use of virtual walkthroughs to view any portion of a building in real time, and photorealistic renderings from the BIM model. We have worked with construction professionals utilizing a REVIT BIM Model as the foundation for an integrated project delivery with contractors, on all of our larger renovation and new construction projects.

We have projects which have required sub-contractors to develop all shop drawings using BIM to construct the building virtually which helps reduce field issues and expedites the construction schedule. Requiring the use of BIM during construction, requires using more sophisticated construction professionals which is appropriate for your project.

PROFESSIONAL SERVICES AGREEMENT

FGM would like to negotiate some of the terms in the Professional Services Agreeement should our team be selected to be your Architect for the Design and Construction of the New Station.

Memorandum

Date: February 9, 2021

To: Brian P. McGuire, Supervisor

Eugene Martinez, Finance Committee Chair

James Barr, Township Administrator

From: Megan Conway, Director of Aging Services

Kristen Smith, Director of Community Health

Re: FY22 Special Budget Request – Senior Home Care Program Proposal

Hanover Township Aging Services and Community Health are proposing an innovative program to serve adults, fifty-five and older, of Hanover Township. The *Senior Home Care Program* would fill gaps in existing programs and support older adults to remain independent. The motivation behind this service is to prevent unnecessary placement in nursing facilities by providing critical home supports.

The project proposal is for a pilot program to be staffed by one full-time Senior Home Care Coordinator and two part-time Home Care Assistants. The Coordinator position would be filled by a "seasoned" Certified Nursing Assistant (CNA); a person who has several years of experience providing direct care, especially to older adults. The Coordinator would be expected to provide direct service for at least 50% of his or her scheduled hours. One of the part-time Home Care Assistants would be filled at 24 hours per week and the other at 16 hours per week. By structuring the staffing in this manner, there will be at least one full day of service in the community each week, as well as back up in case of urgent client need or employee time off.

A menu of services may be adjusted over time, but the initial services will include:

- Activities of Daily Living (ADLs)
 - o Bathing
 - Dressing
 - Grooming
- Housekeeping Services
 - Assistance with household chores
 - Meal preparation and cooking; grocery shopping
 - Cleaning

- Laundry
- Assistance with Transportation (escort on bus or driving to specific locations)
- Maintenance of household records
 - Sorting mail
 - o Ensuring bills are paid on time
- Companionship
 - Current events discussion, games, and/or activities for cognitive and mental stimulation
 - Assistance with connecting to Aging Services programs, either virtually or at the senior center
 - Assistance with personal errands (picking up prescriptions, going to bank, etc.)

To fund the program, staff will pursue various community and government grants. One area of opportunity is with the Hanover Township Mental Health Board Challenge Funding. The *Home Care Program* will support the mental health of clients who are socially isolated and in need of cognitive stimulation; a primary focus of the Mental Health Board. Another potential opportunity and source of funding would include the Hanover Township Foundation. Initial grant revenue from these sources is expected to generate approximately \$36,000 in project income. The program would also be supported by cost-sharing with clients.

A tentative budget for the program is:

<u>EXPENSE</u>	<u>FULL YEAR COST</u>	SIX-MONTH COST
Salaries	\$76,960.00	\$38,480.00
FICA	\$2,943.72	\$1,471.86
Unemployment	\$861.75	\$430.88
Health Insurance	\$13,364.00	\$6,682.00
Dental, Vision, Life	\$611.16	\$305.58
IMRF	\$3,704.38	\$1,852.19
Training	\$3,000.00	\$3,000.00
Travel	\$1,000.00	\$500.00
Recruitment	\$1,000.00	\$1,000.00
Uniforms	\$1,000.00	\$1,000.00
Supplies	\$1,000.00	\$1,000.00
TOTAL	\$105,445.01	\$55,722.51

There is a similar program called Community Care Program (CCP) administered by the Illinois Department on Aging. The CCP program has no income limit, but restricts cash assets to \$17,500 for a single person and \$35,000 for a couple. A primary home, one car, \$1,500 in pre-paid burial, and personal property are excluded. During the intake process, staff would complete a thorough assessment and screening with the client. Clients will be referred to other community supports or programs for which they may qualify.

The tentative cost-sharing model is:

Client Portion	Asset	Approximate Cost to Client
Client pays 0%	\$0 - \$50,000	\$0
Client pays 25%	\$50,001 - \$100,000	\$5 per hour
Client pays 50%	\$101,001 - \$150,000	\$10 per hour
Client pays 75%	Over \$150,001- 200,000	\$15 per hour
Client pays 100%	Over \$200,001	\$20 per hour

To demonstrate success, the following performance metrics will be used:

- Number of unduplicated clients per month and per year
- Number of direct client contacts per month (a duplicated number)
- Number of hours providing direct service
- Pre- and post-program surveys such as client satisfaction, the UCLA Loneliness Screening, and the Mini Mental Status Exam (MMSE)

Clients would be referred to the program from other Aging Services divisions, Township departments, and community agencies. To establish the needs of a client, the initial visit will involve a Community Health Nurse as well as the Home Care Coordinator. During the visit, an assessment for eligibility will be completed as well as a mini-mental status exam (MMSE) to determine if there is memory loss present. Clients may be ineligible if they have a medical need beyond the scope of the program (catheters, feeding tubes, etc.). The vision of the program is to serve as an added support to all of the Township's residents who may need care. Currently, the options available to a person include applying for the Community Care Program, being eligible for full Medicaid, or privately pay a for-profit agency (which can become financially burdensome). A typical private-pay arrangement would cost between \$18-\$28 per hour and require a minimum commitment of three hours for each day of service.

The expectation of the program is to prevent people from entering a nursing facility prematurely and to maintain high quality living for individuals in their homes. Based on staffing and program development, the program would launch on October 1, 2021.

Please contact Aging Services Director Megan Conway at 630-483-5671 or mconway@hanovertownship.org or Community Health Director Kristen Smith at 630-483-5650 or ksmith@hanovertownship.org with any questions or if additional information is needed.

Hanover Township Tentative Budget and Appropriation Ordinance Ordinance

AN ORDINANCE MAKING APPROPRIATIONS TO DEFRAY EXPENDITURES FOR THE TOWNSHIP OF HANOVER, COOK COUNTY, ILLINOIS, FOR THE FISCAL YEAR BEGINNING APRIL 1, 2021 AND ENDING MARCH 31, 2022. BE IT ORDAINED BY THE BOARD OF TRUSTEES, TOWNSHIP OF HANOVER, COOK COUNTY, ILLINOIS AS FOLLOWS:

SECTION 1: THAT THE FOLLOWING BUDGET, CONTAINING AN ESTIMATE OF REVENUES AND EXPENDITURES, IS HEREBY ADOPTED FOR THE FOLLOWING FUNDS: TOWN FUND, SENIOR CITIZEN SERVICES FUND, WELFARE SERVICES FUND, MENTAL HEALTH FUND, ROAD FUND RETIREMENT FUND, VEHICLE REPLACEMENT FUND AND CAPITAL PROJECTS FUND FOR THE FISCAL YEAR MENTIONED ABOVE, AND SHALL BE IN FULL FORCE AND EFFECT FROM AND AFTER THIS DATE.
