The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Hanover Township, Illinois first for its annual budget for the fiscal year beginning April 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. The Township believes our current budget continues to conform to program requirements, and are submitting it to GFOA to determine its eligibility for another award.

April 1, 2022

Honorable Supervisor and Trustees,

I am pleased to present to you the Annual Operating and Capital Budget for the fiscal year beginning April 1, 2022 (FY23).

Each department submitted to the Office of the Township Administrator a budget following instructions provided by the Finance Committee and Administrator stipulating a target based budgeting process of 0% for non-personnel expenditures and a 5% salary pool for FY23. The Township Board set the salary merit pool to 5% in recognition of inflation and to maintain a competitive wage. Departments were notified that additional special requests would be minimal this year due to anticipated budget constraints. Lower interest rates nationally will result in a reduced interest income. However, numerous secondary revenue streams have begun to rebound as COVID-19 restrictions have been lifted such as passport fees, programs fees, and therapy fees. The Township renewed its health insurance at a 0% increase. Dental, vision, and life insurance were renewed at a 4% increase. Unemployment will be increasing in part due to the use of a new formula which calculates cost based on staff's salaries, in prior years the cost was calculated using the per capita headcount. IMRF costs will decrease as a result of strong returns. It is anticipated that the final budget will be acted upon at the March 22, 2022 Board meeting. Please feel free to contact Finance Committee Chair, Trustee Martinez, or I should you have any questions, comments, or inquiries regarding the proposed Fiscal Year 2023 budget. Total combined expenditures are recommended to increase 17.1% from the FY22 budget primarily due to the 45.9% increase in Capital Fund expenditures related to the Emergency Services Station and Tiknis Campus expansion project.

Budget Highlights

Department of Aging Services – The Road Maintenance Fund is continuing to fund senior transportation, following the precedent of the prior Highway Commissioners, in the combined amount of \$180,000 as authorized by state statute. \$25,000 is budgeted for senior bus purchases in the vehicle fund and the remaining \$155,000 is allocated to operational costs of the senior transportation program (salaries, fuel, vehicle repair, etc.). The federal grant from Age Options supporting the senior congregate meal program decreased 2% reflecting decreased numbers of meal participants over the last year related to COVID-19. However, the Township has seen a large increase in donations to the senior congregate meal program and the Township anticipates these donations to increase 28% in FY23. Programming revenue is increasing 4.8% as on-site activity participation rebounds following the COVID-19 pandemic. Funding from the Mental Health Board for the Home Delivered Meals program has increased 66.7% due to the increase in program participation. The Senior Home Care Pilot Program revenue is budgeted to increase 94.4% as the program is budgeted for an entire year. The Township anticipates receiving \$10,000 in fees related to this program. Additionally, the Mental Health Board has awarded

\$40,000 in funding to the Senior Home Care Program. On the expenditure side, total expenses are budgeted to increase 4.5%. Expenses for the Senior Home Care Pilot Program will increase 78.6% as the program has been budgeted for a full year. Congregate and Home Delivered Meals food, equipment, and supplies are budgeted to increase overall to accommodate for rising costs due to inflation. Transportation will see a 0% increase in total expenses despite fuel costs increasing 25%.

<u>Department of Youth and Family Services</u> – Youth and Family Services is anticipating an increase in revenue of 10.3% with tutoring and therapy fees strongly rebounding. On the expense side, Outreach & Prevention have budgeted to increase expenses by 10.6%. This includes a 13.08% increase to the Open Gym Salaries as the seven Youth Program Assistants hourly pay has been increased to remain competitive. The Outreach and Prevention Division transitioned office spaces to the Izaak Walton Youth Center in FY22 and in FY23 will be taking over all operating expenses.

<u>Department of Human Services</u> – Human Services is expecting a 3.9% increase in revenue in FY23. This includes a \$5,000 transfer from the Town Fund for the salary costs associated with offering Veterans Services. On the expenditure side, travel and training costs are anticipated to increase 50% as staff expect to attend more trainings and events following the COVID-19 pandemic. Additionally, a line item for trash removal has been added in the amount of \$8,500, this expense was previously paid out of the Town Fund. Including these cost increases, total expenditures are still budgeted to increase 1.5%.

<u>Department of Facilities & Road Maintenance</u> – The Facilities Division budget is being reduced by 1.5%. Salaries will increase minimally at 0.9% due to the reclassification of two positions and the retirement of a tenured employee. The Equipment Maintenance for the Senior Center is being increased 21.4% as maintenance on aging equipment is expected to increase. For recruitment and pre-employment, \$1,000 have been added to the budget to accommodate regular turnover of seasonal employees. In the Road Maintenance Division total revenue is budgeted to increase 0.9% and total expenditures are budgeted to increase 21.1%. The increase in expenditures is primarily to accommodate the contract work anticipated for the road resurfacing project in FY23.

Mental Health Board – The Mental Health Board administration costs are planned to increase by 16.9% primarily to account for the printing and postage costs associated with producing the Mental Health Resource Guide. The Mental Health Board is decreasing capital projects at the Community Resource Center due to the planned selling of the facility. Service contracts are increasing at 4.6% with two new agencies being funded in FY23. Overall Mental Health Board expenditures recommended to grow by 1.2%.

Office of the Assessor – The Assessor's Office budget is increasing minimally due to the planned salary increment pool, unemployment cost increases, and an increase in printing

expenses related to large mailings. Overall, Assessor Office expenditures are budgeted to increase 0.7%.

Office of Community Health – The Office of Community Health is anticipating increased revenue of 10%. Total expenditures are budgeted to increase 2.7% with an increase in equipment costs for a planned replacement of the department's cholesterol machine.

<u>Department of Emergency Services</u> – The Emergency Services Department budget is projected to increase by 5.5%. This increase is due to a 33.3% increase in education and training as the Department of Emergency Services plans to offer Emergency Medical Response training to volunteers. Volunteer appreciation is being increased 25% as hours spent on call outs have increased dramatically. Fuel and vehicle maintenance will increase by 60% as the department's fleet has grown, all vehicles are being utilized more often as call outs increase, and the price of fuel has increased.

Office of Community Affairs – The Office of Community Affairs is budgeted to decrease expenditures 3.4%. The decrease is primarily due to the transition of the Izaak Walton Center office cost responsibilities to the Youth and Family Services Outreach and Prevention Division. Other changes include a 20% increase to technology applications and a 5.3% increase to website service.

Administrative Services – The overall Town Fund/Administrative Services budget will increase by approximately 6.9%. This increase is primarily due to the 23.4% increase in the Transfer to the Capital Fund, this transfer will contribute to the Emergency Services Station and Tiknis Campus Expansion infrastructure project. Total revenue will increase 4.4% with replacement taxes increasing 33.3%. Demand for passports has increased as COVID-19 travel restrictions have been reduced, fees are anticipated to increase 50%. On the expenditure side, internet cost has increased 166.7% with the installation of fiber lines. However, the installation of fiber lines has also resulted in a decrease in telephone cost of 55%. Passport services costs are also anticipated to increase 60% in relation to the increased demand.

<u>Committee for Senior Citizen Services Fund</u> – The Committee for Senior Citizen Services Fund plans a 138.6% increase in revenue as more seniors return to the Senior Center. Expenditures are budgeted to increase 15.7%. The Committee for Senior Citizen Services maintains a large fund reserve which may be spent down in FY23.

<u>Vehicle Fund</u> – There is a total 0% anticipated change to the vehicle fund revenue and expenditures. One new senior bus has been budgeted for as well as one vehicle replacement purchase.

<u>Capital Fund</u> – The Finance Committee is recommending several capital projects for Fiscal Year 2023 including the completion of the Emergency Services Station and Tiknis Campus Expansion partially funded by State of Illinois capital grant funds, the completion of the Izaak Walton

Reserve Master Plan with approximately 50% of the funding coming from State of Illinois Open Space Land Acquisition and Development funding, and a Township-wide security camera system. Additional projects include a remodel of Town Hall's interior rooms. The Township has also budgeted to begin repayment of the 10 year bank loan.

I am pleased to present the Fiscal Year 2023 Annual Operating and Capital Budget for your consideration. I look forward to another productive year of serving the residents of Hanover Township with our outstanding team of officials, staff, and volunteers.

Respectfully Submitted,

James C. Barr, MPA

Township Administrator

Introduction

Mission Statement

The Township mission establishes the Township government's purpose, role, and values that make it possible to work toward realization of the vision. At the strategic planning session, the Township Board, elected officials, and department directors discussed changes to the mission statement that were recommended by the Township Administrator. After discussion, there was consensus that the following Township mission be approved as presented:

"To continuously improve the quality of life for Hanover Township residents."

Vision Statement

The Township vision statement represents the broadest expression of the ideal Township or the imagined best community. At a strategic planning session, the Board, elected officials and department heads affirmed the following vision statement:

"A better life through leadership, innovation, and diversity."

Values

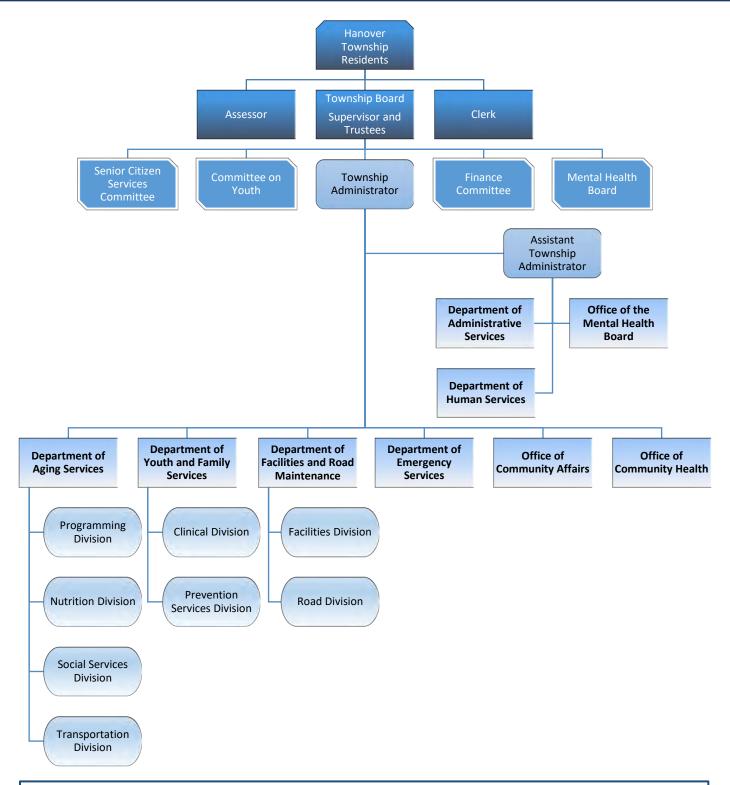

"Above and Beyond - We go the extra mile."

"Ownership - Our responsibility is great service."

"Adaptability - We move to a solution."

Organizational Chart

*Police services are provided to Township residents by the individual municipal police departments within the incorporated areas of Bartlett, Elgin, Hanover Park, Hoffman Estates, Schaumburg, and Streamwood. The Cook County Sheriff's Department provides police services for unincorporated areas.

**Fire services are provided by the municipalities in incorporated areas and by the Bartlett Fire Protection District for unincorporated areas and the Village of Bartlett.

Strategic Plan

Since November 2007, Hanover Township has regularly conducted strategic planning sessions to enhance its planning and budgetary process. In 2020, Hanover Township engaged Northern Illinois University's Center for Governmental Studies (CGS) to assist with the development of the Township's FY2021 to FY2024 strategic plan extension. The strategic planning process included a workshop session with the Township Board and senior staff members in early 2020. Prior to the workshop, CGS led several focus groups with community stakeholders to gather input on their vision for the Township. In addition, an economic and demographic community profile was completed to add context to the strategic planning process. Updates to the current strategic plan were made in 2020.

The strategic planning retreat was held on February 1, 2020. During the retreat, four strategic priority areas were identified:

Strategic Priority Areas

- 1. Long term planning, implementation and evaluation
- 2. Financial planning and stability
- 3. Community engagement and provision of critical services
- 4. Cultural diversity and inclusion

Ultimately the Township Board, elected officials, and department directors recommended nine Township-wide goals focusing on the identified strategic priorities and innovative ideas that will enhance Township services for residents.

Strategic Plan

- 1. Evaluate and prioritize Youth and Family Services programming.
- 2. Develop and implement Hanover Township's Open Space Reserves Master Plan and continue to identify funding and development opportunities.
- 3. Consider options to create a modernized Emergency Services Station within Hanover Township boundaries.
- 4. Further embrace the diversity of all ages and cultures within the Township.
- 5. Maintain our commitment to community outreach, engagement and awareness of the Township's services and programs including continued implementation of the Township's communications plan.
- 6. Collaborate with stakeholders and partners in our broader community to advance the completion of a disabled housing facility within Hanover Township.
- 7. Remain committed to careful fiscal stewardship by working across the organization to promote, maintain, and sustain a sound financial position in both the short- and-long- term.
- 8. Continue to grow, enhance, and promote the Township's high standards for customer-focused service delivery across all departments.
- 9. Evaluate planning and financing options for renovation to the Town Hall.

Government Profile

What is a Township?

A township in Illinois serves as a sub-division of the State of Illinois and is a fully autonomous unit of local government with the authority to tax and issue debt. Townships are not authorized by state statute to impose a sales tax. The primary revenue streams are generated from property taxes, fees for services, and grants.

The township is primarily responsible for human services not regularly offered by incorporated municipalities and for the upkeep of roads and bridges within the un-incorporated areas of the county. A village or city is responsible for delivering select, direct services such as police, fire, garbage collection, and most of the zoning and permitting processes. While some townships are coterminus with the boundaries of a specific municipality, most townships contain multiple municipalities. Excluding services provided by the Facilities and Road Maintenance Department, which services roads and bridges in unincorporated Cook County only, all township services are available to all residents within its boundaries, regardless of the village or city in which that resident resides.

Hanover Township Specifics

Hanover Township is governed by an independently elected Township Board of Trustees. The Township Board consists of the Township Supervisor and four Trustees, which are elected at large from the Township. The Clerk and Assessor are elected simultaneously with the Board. The Assessor is not a voting member of the Board. The Township Clerk votes only in the case of a tie vote to fill a vacancy in a Township office.

Hanover Township contains portions of six municipalities within its jurisdiction: Streamwood, Bartlett, Hanover Park, Elgin, Schaumburg, and Hoffman Estates. Specific operating departments within the Township include: Department of Administrative Services, Department of Emergency Services, the Office of Community Health, Department of Aging Services, Department of Youth and Family Services, Department of Human Services, Department of Facilities and Road Maintenance, the Office of the Mental Health Board, Assessor's Office, and the Office of Community Affairs.

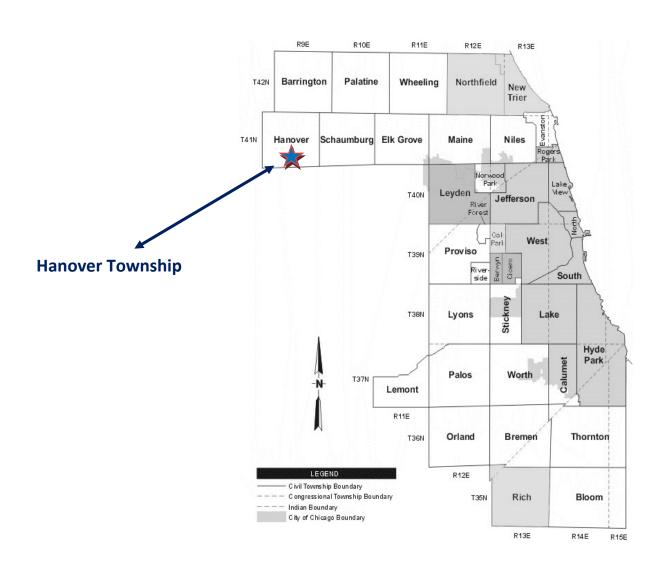

Hanover Township is a survey township, meaning that it forms a perfect square that is six miles by six miles in size. Most townships in Illinois are survey townships. Some townships, such as New Trier in northeastern Cook County, are non-standardized in order to conform to physical and political boundaries. An example of these boundaries would be the City of Chicago line and Lake Michigan.

Government Profile

Location

Hanover Township is located approximately 35 miles northwest of the City of Chicago, in Cook County. Hanover Township is within close distance to O'Hare International Airport, Midway International Airport, Schaumburg Regional Airport and DuPage Regional Airport. The Township is near I-90 and U.S. Route 20 and four state highways. The total land area is approximately 33.71 square miles. The Township consists of affordable to high-end homes.

Township History

Hanover was organized as a Township on April 2, 1850, primarily to provide government closer to home than the county seat in Chicago. Land was divided like a checkerboard into six mile squares called Townships, each Township being roughly 36 square miles. Hanover's location in the checkerboard is designated as Township 411 North, Range 9 East of the Third Principal Meridian - the farthest west of the old "country Towns" of Cook County. In 1850, the first federal census of Hanover Township reported a population of 672. Most of these people were from upstate New York and New England. Ten years later, there were 926 residents, but a marked change in composition had occurred. Most were German Protestants from the Kingdom of Hanover in Germany - hence the Township's name.

The rural government was concerned with collecting the tax, stray animals, control of weeds, and maintenance of roads. After spring and fall rains, roads were apt to become long black ditches of mud. The Clerk organized the machinery for elections.

Hanover Township Farmers

Rural days in Hanover Township ended with the westward spread of the Chicago metropolitan area. The rich land beckoned farmers to this vicinity, and that land has now been taken over by subdivisions, shopping centers, and industrial developments. The windmills and creameries are long gone, and only a few white farmhouses and barns remain. The Milwaukee Road trains which once hauled milk cans into Chicago are now carrying commuters. Township government lives on, adapting to the changing times, still meeting the needs of the residents. Those needs, of course, have changed dramatically.

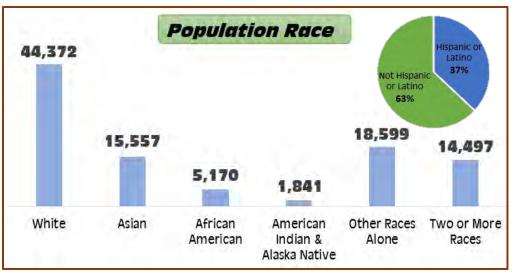

Today, the population of Hanover Township is over 100,000. Most Streamwood residents live within its boundaries, as well as portions of Bartlett, Elgin, Hanover Park, Hoffman Estates, Schaumburg, and unincorporated Cook County. In 1900, a town hall was built on the southeast corner of North Bartlett Road and Route 19. Since 1985, the Township Hall has been located on ten acres of land, two miles south of Route 19 and Route 59. This building along with the Senior Center, the Astor Avenue Community Center, the Mental Health Community Resource Center, the Emergency Services Station #1 in Bartlett, and the Izaak Walton Youth Center in Elgin house all Township services.

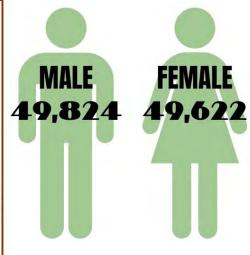

Community Profile

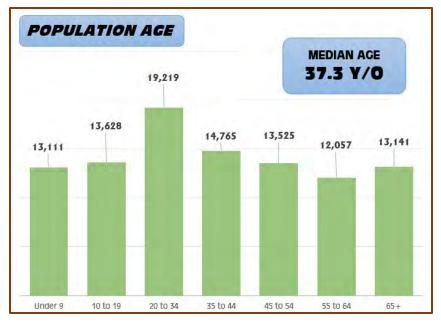

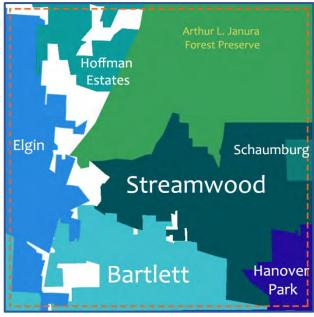

Statistics based on the 2020 American Community Survey, unless otherwise noted with an * symbol, denoting that the statistics were from the 2010 decennial census. Hanover Township is approximately 36 square miles in size.

Budget Process

The Fiscal Year 2023 budget process explained:

The Township operates under an annual budget spanning one fiscal year, April 1 through March 31. This document contains the Annual Operating Budget and the Capital Budget for Fiscal Year 2023. The budget is a policy document that requires action and adoption by the Township Board.

The preparation for the Township's annual budget begins at the six-month review of the current fiscal year by the Finance Committee. At this review, the committee provides direction for the next fiscal year's budget by discussing the Consumer Price Index (CPI), the available property tax levy, available resources, and the projected merit salary pool for staff for the next year. Approximately every third year, the Township holds a strategic planning session with the Township Board, elected officials, administration and the ten operating department heads. This session identifies Township wide strategic goals that focus on long term objectives. In addition, each department has their own annual operational goals which allow individual departments to focus on short term objectives. Together, these strategies drive the decision-making process for the upcoming fiscal year.

In November, the Township Administrator distributes the budget development memo, which provides direction on how departments should develop their budget requests. This memo is based on the direction provided by the Finance Committee. Departments have three weeks to estimate their operating revenue and expenses for the following fiscal year. The Operating and Capital Budgets are reviewed on an individual basis by the Township Administrator, with the requesting department. The Township Administrator then estimates all revenue projections and evaluates the submitted draft budgets for the upcoming year, which provides direction to the level of growth or reduction that can be reflected in expenditures.

The recommended budget is submitted to the Finance Committee in January at which point a workshop is scheduled to review each operating department independently and recommend changes. In February, Administrative Services compiles the final budget document to be submitted to the Township Board for approval as endorsed by the Finance Committee. The Board holds a public hearing and may amend the budgeted appropriations. A formal budget and appropriation ordinance for the Township is adopted, providing the legal authority to spend public funds. The final Township budget passed on March 22, 2022.

Budget Process

Amending the Budget

There are two ways the Township budget may be amended: (1) The Township Board may adopt a supplemental appropriation ordinance. The supplemental ordinance may not exceed the aggregate of any additional revenue available or the amount of fund balances available when the annual appropriation ordinance was adopted; or (2) The Township Board, with a two-thirds vote, may authorize transfers between line items within a department. To amend the budget, a tentative amendment is prepared for the Budget and Appropriation Ordinance. Notice of the proposed amendment is posted and after a waiting period of 30 days, a meeting of the board is held, and a vote is taken on the amendment.

Basis for Budgeting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e. intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Township considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred.

Revenues susceptible to accrual are property taxes, interest revenue, and charges for services. Donations are not susceptible to accrual because generally they are not measurable until received in cash.

Fund Structure

The accounts of the Township are organized on the basis of funds, each of which is considered a separate budgeting entity. The operations of each fund are budgeted with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures or expenses as appropriate. Government resources are allocated to and budgeted for individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled.

Governmental funds - are used to account for all or most of the Township's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of capital assets (capital projects funds), and the servicing of long-term general debt (debt services funds). The General (Town) Fund is used to account for all activities of the Township that are not accounted for in some other fund.

Major Funds

Major Funds

The Township reports the following major governmental funds:

The Town Fund (general) accounts for the resources traditionally associated with the Township's operations that are not required legally or by sound financial management to be accounted for in another fund.

The Senior Services Fund (special revenue) accounts for expenditures related to services and programs for senior citizens.

The Road Maintenance Fund (special revenue) accounts for the revenues and expenditures needed to finance the maintenance and construction of the Township's roads and bridges.

The Mental Health Fund (special revenue) accounts for revenues and expenditures needed for services and programs in the areas of mental health, developmental disabilities, and substance abuse.

The General Assistance Fund (special revenue) accounts for all activities related to local public aid including programs and services for low-income residents.

Hanover Township does not receive any sales tax or income tax. The Township's primary sources of revenue are property taxes, with additional revenues from replacement taxes, grants, donations, service fees, and interest income.

Property Taxes

The amount of the tax levy is limited by the Property Tax Extension Limitation Law (PTELL). 35 ILCS 200/18-185 PTELL limits the increase in property tax that the Township may levy to 5% or the percentage increase in the Consumer Price Index during the 12 month calendar year preceding the levy year, whichever is less. A higher property tax may be levied if the community experiences new construction, mergers, consolidations, or voters approve a higher rate by referendum.

Property taxes for 2022 attach as an enforceable lien on January 1, 2022, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a tax levy ordinance). Tax bills are prepared by the county and issued on or about February 1, 2023, and are payable in two installments, on or about March 1, 2023 and August 1, 2023. The county collects such taxes and remits them periodically. The allowance for uncollectable taxes has been stated at 0.5% of the tax levy to reflect actual collection experience. Property tax receivable balances in the financial statements appear net of this allowance.

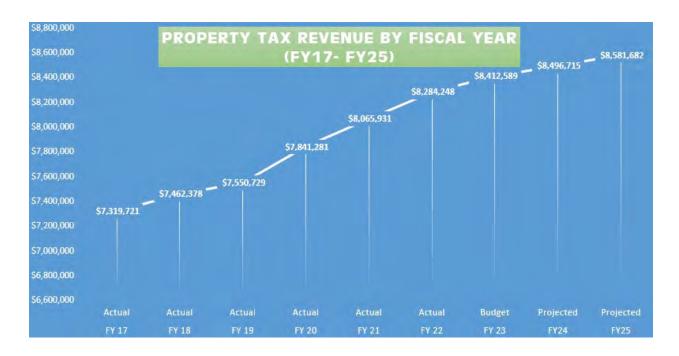

The 2022 tax levy, which attached as an enforceable lien on property as of January 1, 2022, has not been recorded as a receivable as of March 31, 2022. The tax has not yet been levied by the Township and will not be levied until December 2022, and therefore, the levy is not measurable at March 31, 2022.

Currently, the 2022 First Installment Real Estate Tax Bills for Cook County, Illinois have been mailed to taxpayers, and were due on Thursday, March 1, 2022. The first installment tax bills are 55 percent of the previous year's taxes. Any assessment reduction(s) taxpayers received for the 2022 tax year and/or any exemption(s) will be applied on the second installment tax bills, which are usually mailed in early summer.

Hanover Township utilized a combination of estimates from Cook County and changes in the Consumer Price Index to make projections concerning the expected levels of property tax revenues. Although there has been some fluctuation in overall EAV and tax rates over the past few years, overall extensions have consistently grown in a controlled manner. A conservative approach is utilized in all revenue projections using both historical trend analysis and assumptions based on current and projected economic factors. The Township estimates a small increase in property tax revenues for FY 21, with a projected 1% growth for FY 22 and FY 23.

The chart above represents the amount of property tax a sample resident of Hanover Township in the Village of Streamwood pays to various overlapping governments. U-46 School District collects the largest portion at 58.97% of the total rate, whereas Hanover Township collects 3.69% of the total.

Replacement Taxes

Replacement taxes are revenues collected by the State of Illinois and paid to local governments to replace money that was lost by local governments when their powers to impose personal property taxes on corporations, partnerships, and other business entities were taken away.

These taxes resulted when the new Illinois Constitution directed the legislature to abolish business personal property taxes and replace the revenue lost by local government units and school districts. In 1979, a law was enacted to provide for statewide taxes to replace the monies lost to local governments. The proceeds from these taxes are placed into the Personal Property Replacement Tax Fund to be distributed to local taxing districts.

The total collections are divided into two portions. One portion (51.65 percent) goes to Cook County and the second portion (48.35 percent) goes to downstate counties. The Cook County portion is then distributed to the taxing districts in Cook County based on each district's share of personal property tax collections for the 1976 year. This percentage is called the district's "allocation factor".

The projections for replacement tax revenues were calculated using a combination of historical trend analysis and state economic indicators. In keeping with the Township's conservative fiscal philosophy and accounting for relatively flat growth projections for the near term in Illinois, projections for FY 24 and FY 25 replacement tax revenues were estimated with a 1% increase to the base budget projection for both years.

Grants and Donations

Grants and donations vary from year to year due to the availability of funding and external factors. The Township actively seeks additional grant opportunities, in FY23 Hanover Township will receive a State Capital Grant and OSLAD Grant to fund capital projects.

Fees

The Township collects fees for certain services provided to residents. Examples of these services include passport processing, physicals, vaccinations, bus services, and tutoring. Fee revenue greatly decreased in FY21 due COVID-19 closures and restrictions. Hanover Township's service fee revenue rebounded greatly in FY22 as restrictions were lifted and it is anticipated that fees will continue to rebound in FY23 For a complete list of Township fees please visit hanover-township.org/.

As shown in the graph below, the level of interest income collected by the Township in FY 2022 decreased from the previous year (FY21). This decrease comes in part from the Federal Reserve decreasing the base interest rate and the Townships overall level of holdings being either maintained or decreased over the time period.

Miscellaneous income includes one-time revenue sources such as legal settlements, General Assistance reimbursement and revenues which are not included in any other category. This revenue is highly variable and difficult to forecast.

Rental income has remained a highly stable, but a minor revenue source over the past several years. The Township entered into a 10-year lease agreement in FY 15 which will cause a 0% annual increase in revenue. The Township plans to finalize the sale of the Resource Center in FY23, which will reduce the rental income to \$0 in FY24.

FUND BALANCE HIGHLIGHTS

- The Capital Projects Fund balance is the second largest decrease from \$391,825 to \$266,825 due to several one-time capital projects underway; the construction of a new Emergency Services Station and Tiknis Campus property expansion.
- The Road Fund balance decrease of **\$1,346,627** to **\$544,877** is attributed to the Township budgeting for extensive road resurfacing projects.
- The Mental Health Fund balance will decrease by 23.77% due to continuing to draw down on accumulated fund balance for agency capital projects, new program development, as well as emergency funding. Further funding is set aside for the future disabled housing initiative, Hanover Landing.
- The General Assistance Fund has the next most significant change with a projected **19.92%** decrease in the overall fund balance due to the food pantry moving back under the General Assistance Fund.
- The Committee for Senior Citizen Services fund will decrease by **13.79%** as reserve funds continue to be spent down and more events are planned.
- The Town and Senior Fund balances are projected to increase minimally in FY23, at 0.03% and 0.01%, respectively.

Legal Limits on Township Debt

The Local Government Debt Limitation Act (50 ILCS 405/1) sets the legal debt limitation for Hanover Township. Per this act, total debt may not exceed 2.875% of the value of the taxable property within the Township, including existing debt. The 2022 total taxable assessed property value is \$2,619,442,466; therefore, Hanover Township's legal limit of debt is \$75,308,970.

Additionally, per 60 ILCS/1 Sec. 240-5, Township Code, a Township Board "may borrow money (i) from any bank or financial institution if the money is to be repaid within 10 years from the time it is borrowed or (ii) with the approval of the Highway Commissioner, from a Township Road District fund, if the money is to be repaid within one year from the time it is borrowed."

Summary of Debt Policy

Hanover Township's Board takes a conservative approach in regard to debt financing. Currently the Township carries no long-term debt obligations.

Changes in Staffing Levels

- In total, FTE for the Township is projected to decrease by 0.6 FTE from FY 22 to FY 23.
- The Assessor's Office will increase 0.3 FTE as the 0.8 Deputy Assessor position has been replaced by a 1.0 Assessing Specialist.
- Aging Services will decrease by 0.9 FTE as they will no longer staff a Graduate Intern and the Computer Instructor will be contracted out.
- All other Departments have seen no change in total FTE.

General Town Fund

General Town Fund

The General Town Fund accounts for the resources traditionally associated with the Township's operations that are not required legally or by sound financial management to be accounted for in another fund. The following departments fall under this fund: Administrative Services, Assessor's Office, Community Affairs, Emergency Services, Facilities and Road Maintenance, Community Health, and Youth and Family Services.

Budgetary Highlights:

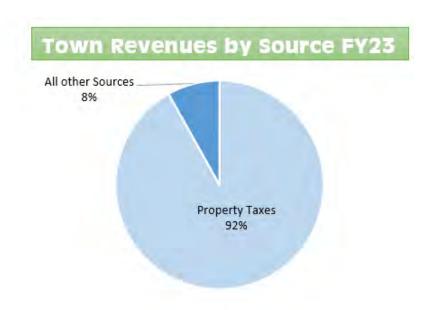

- The overall Town Fund budget will increase 4.39% from the previous year primarily due to the 45.9% increase in Capital Fund expenditures related to the Emergency Services Station and Tiknis Campus expansion project.
- The Department of Youth and Family Services Outreach and Prevention budget will increase by 10.6% reflecting an increase to Open Gym salaries to remain competitive, as well as taking on all operating expenses at the Izaak Walton Youth Center.
- The Emergency Services Department budget is projected to increase by 5.5% due to the increase in education and training as the department plans to offer Emergency Medical Response training to volunteers.

Revenue Highlights

- Overall revenue will increase by 4.38%. This increase is due primarily to the increase in property tax revenue and the rebounding of several fee that were restricted during the COVID-19 pandemic.
- Therapy Charges and Passport Fees are respectively expected to increase by 100.0% and 50.0% in revenue generation as services are more greatly being utilized as COVID-19 restrictions are lifted.

MISSION

The Department of Administrative Services' mission is to ensure effective implementation of Township Board policies through efficient professional management of the Township government. The Township Administrator serves as the organization's Chief Administrative Officer and in this capacity is responsible for administration, coordination, and management of all Township services and employees. The Assistant Township Administrator serves as the coordinator for the Township's information technology initiatives and contracted accountants as well as oversees the day-to-day operations of the Department of Administrative Services.

SERVICES

The Department of Administrative Services consists of the Office of the Township Administrator, Accounting, Human Resources, Information Technology, main reception, and resident services. The Accounting and Information Technology functions are both contracted; Township staff perform all other functions in-house. This department is also responsible for accepting passport applications, hunting and fishing licenses, handicap placards, vehicle sticker renewals, and voter registration.

Expenditures by Division FY23

Budget Highlights:

- The overall Administrative Services budget will increase by approximately 6.9%.
- This increase is due primarily to the 23.4% increase in the Transfer to Capital Fund which will contribute to the Emergency Services Station and Tiknis Campus Expansion infrastructure project.
- Other changes include increasing the Information Technology line item as the organization has moved to a Managed Services contract in FY23 to accommodate more regular IT support. The increase also accounts for regular salary increments.

Mission

Hanover Township Emergency Services is trained to respond to a wide range of emergency and nonemergency events. During these events Emergency Services either assists the primary emergency responders or has the ability to operate independently in times of natural and manmade disasters. This dedicated group of professional volunteers exists to provide a properly equipped, trained, and ready unit to support Hanover Township residents and the public safety agencies that serve them.

Services

When requested by a law enforcement or fire department serving Hanover Township, the Emergency Services Unit assists in traffic control, scene security, emergency scene lighting, first aid services, clearing of storm damage from roadways, fire scene decontamination, drone surveillance, air pack support, and additional manpower support. During the spring and summer months Emergency Services will also activate during severe weather, to serve as weather spotters and provide notification of tornado activity. This Unit is also a part of a limited number of search and rescue teams within Illinois, which are certified by the Illinois Search and Rescue Council.

Budget Highlights

- The Emergency Services Department budget is projected to increase by 5.5%. This increase is due to an increase in education and training as the Department of Emergency Services plans to offer Emergency Medical Response training to volunteers.
- The fuel and vehicle maintenance will increase significantly as the department's fleet has
 grown, all vehicles are utilized more often with an increased number of call outs, and the
 price of fuel has increased.

Budget Highlights:

- Youth and Family Services is anticipating an increase in revenue of 10.3% with tutoring and therapy fees strongly rebounding following the pandemic.
- In Outreach & Prevention, expenses will increase by 10.6%. This is primarily due to an increase in hourly pay for seven Youth Program Assistants to remain competitive.
- The Outreach and Prevention Division will also take over all operating expenses at the Izaak Walton Youth Center which contributes to the increase to expenditures this year.

Food Pantry new applications decreased significantly in FY21 because during the COVID-19 pandemic the Food Pantry did not require anyone to submit an application. All new clients were accepted without an application. In FY22 the Food Pantry new applications rebounded as service stabilized.

FY22 Department Accomplished Goals (in order of priority)

- 1. Established and implemented Veterans Services Program, which included two staff members becoming certified Veterans Services Officers. Veterans Services assists local Veterans with various programs and also offers monthly activities to Veterans and a guest.
- 2. Created and implemented a recruitment program for auxiliary staff and volunteers to increase the number of volunteers in order to provide additional support to the department.

Mission

The mission of the Hanover Township Mental Health Board is to ensure that services in the area of mental health, including developmental disabilities, addictions and substance abuse, are available to all residents of Hanover Township.

Services

The Mental Health Board manages the Hanover Township Community Resource Center and funds a number of agencies that provide direct services to Township residents with mental health, developmental disorders, or substance abuse needs. Funded programs include counseling, job training, transportation, treatment for addictions and substance abuse, and sponsorship or cosponsorship of a number of public information programs designed to let more people know about services that are available.

Mental Health Fund Service Contracts

Each year the Hanover Township Mental Health Board holds an annual call for proposal applications for agencies serving Hanover Township residents in the areas of mental health, developmental disabilities, and substance abuse prevention and intervention. Applications and agencies are reviewed by the Mental Health Board in October for the next fiscal year which begins the following April. Once the tax levy is set for the upcoming fiscal year, the Mental Health Board's finance committee sets a budget to include the total amount for funding allocations. In January of each year, the Mental Health Board meets at its regular monthly meeting and makes recommendations for funding awards, which the Board then approves with a roll call vote.

Below is a list of programs currently approved to receive funding from the Hanover Township Mental Health Board during FY23.

FY22 Department Accomplished Goals (in order of priority)

- 1. Created and implemented the Senior Home Care Pilot Program to provide comprehensive person-centered services and supports targeting frail and vulnerable adults.
- 2. Enhanced physical fitness programming by utilizing Runzel Reserve with hands-on activities and established collaborative opportunities with external facilities with offerings such as a pool and indoor walking track.
- 3. Integrated intercultural and inclusive programming in all divisions through strategic community partnerships, staff training, and resident participation. This included integrating cultural menus, programs, and events each month.

Committee for Senior Services Fund

The Senior Citizen
Services Committee
funds became part of
the Township's budget,
banking, and
accounting system in
FY22. The funds raised
and expenditures
requested by the
committee are
processed through the
Township and the
regular board audit
report process.

The Committee for Senior Citizen's fund revenue is generated primarily from the Gift Shop and vending machine sales, both of which are located in the Senior Center, as well as from Special **Events. Special Events** include their annual Caramel Taffy Apple sale, Mini Cheesecake fundraiser, Café Cruisin and other sales that occur throughout the year. On the expense side, the contingency line item is budgeted to be the fund's largest expenditure, this is so the Committee can utilize some of their

fund reserves that have accumulated. The Donations expenditure is also expected to increase in the coming fiscal years as the fund grows.

Revenue is planned to increase 138.6% as more seniors return to the Senior Center. Expenditures are budgeted to increase 15.7%. The Committee for Senior Citizen Services maintains a large fund reserve which may be spent down in FY23.

Retirement Funds

IMRF and Social Security Fund

IMRF Description:

The Township's defined benefit pension plan, Illinois Municipal Retirement Fund (IMRF), provides retirement, disability, annual cost of living adjustments, and death benefits to plan members and beneficiaries. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011 are eligible for Tier 1 benefits. Employees become vested after eight years of service and are eligible for reduced retirement at age 55 and full retirement at age 60. Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. Tier 2 employees become vested after 10 years and are eligible for retirement with reduced benefits as of age 62 or retirement with full benefits as of age 67. A portion of the employer cost is paid by the IMRF Fund and the balance is paid from the individual departments' budget.

Budget Highlights:

- The Finance Committee is recommending several capital projects for Fiscal Year 2023, the first of which is a new Emergency Services Station partially funded by State of Illinois capital grant funds.
- The construction of the Izaak Walton Reserve Master Plan has been budgeted for, with approximately 50% of the funding coming from State of Illinois Open Space Land Acquisition and Development grant.
- Additional projects include a Township-wide security camera system upgrade and improvements to the newly acquired Tiknis Campus expansion buildings and grounds.

Introduction

The preparation and adoption of a Capital Improvements Program (CIP) is an important part of Hanover Township's planning process. A CIP aims to recognize and resolve deficiencies in existing public facilities and anticipate and meet future demands for capital facilities. A CIP is a multi-year schedule that lays out a series of Township projects and their anticipated associated costs. Over the five-year period considered by the CIP, it shows how the Township should plan to expand or renovate facilities and services to meet the demands of existing and new residents and businesses.

A CIP is an advisory document that can serve a number of purposes, including:

- 1) Guide the Township Board and administration in the annual budgeting process.
- 2) Aid in prioritization, coordination, and sequencing of capital improvements.
- 3) Inform residents, business owners, and developers of planned improvements.

Overview

Submitted for consideration is the Capital Improvements Program for the Fiscal Years 2022-2023 through 2026-2027. This document identifies long term needs and proposes a multi-year financial plan for them. The Township of Hanover has a long-standing commitment to quality public services and thoughtful planning. The Capital Improvements Program formalizes that commitment and provides for orderly and appropriately financed growth of Township facilities. It is a financial tool that allows the Town Board to take a long-range view of the organization's needs. This process will serve the organization as part of a larger ongoing strategic planning effort.

Beginning in the summer, the Township staff review the projects included in the current Capital Improvements Program, update the costs and status of those projects, and identify new projects to be included. The department submissions are reviewed, and project budgets and schedules are adjusted accordingly. The Town Board reviews the five-year program in the early fall, allowing an opportunity for additions, deletions, or amendments. This allows staff time to incorporate the new year's projects into the upcoming budget development process. This early review will likely also afford the Township an opportunity to bid construction projects early in the year, keeping costs down and completion timely.

The five-year Capital Improvements Program for 2023-2027 totals \$10,513,000. A portion of these reward funds will be dedicated to developing the Izaak Walton Reserve and the Department of Emergency Services permanent training and operating space. Other projects include improvements to the Senior Center HVAC and unincorporated Hanover Township road resurfacing. Long term projects include construction of a Town Hall roof replacement and other public infrastructure improvements. Funding will predominantly be transferred from the Town Fund, Road Fund, and Senior Fund, as well as Capital Fund reserves and Grants. The chart on the following page shows anticipated annual expenditures proposed in the 2022-2026 program. Capital expenditures can be expected to vary significantly from one year to the next.

Financing Methods

Hanover Township has limited financing options. These options include funding from current revenue, often referred to as pay-as-you-go. The vast majority of annual revenue to the Township is from local property tax revenue, the bulk of which funds operating expenses such as salaries and utilities. A larger portion of these funds could be set aside each year for capital expenditures purposes. A second option is to fund the improvements through the working fund reserves, which represent savings by the Township over time in each of the Township's several funds.

Debt financing, often referred to as pay-as-you-use, is another option available for consideration. The Town Board has historically been reluctant to use this source of financing, except for short-term borrowing on rare occasion. The Township is limited by state statute and practice from considering other forms of revenue including sales tax, impact fees, and significant user fees.

Another major source of revenue for financing capital projects is through grants. The Township has successfully applied for several Community Development Block Grants from the federal government through Cook County. A variety of county, state, federal, and private grants are available for application and the Township has been actively pursuing these opportunities. A mixture of financing methods including current revenue, fund reserves, grants, and borrowing will likely be required for any significant projects.

FY 2023 Highlights

Although the Capital Improvements Program anticipates expenditures over a five-year period, the immediate focus is on FY2023, which is referred to as the Capital Budget. These projects are part of the operating budget that was approved by the Town Board. For Fiscal Year 2023, the Town Board has allocated up to \$6,392,000 to be expended on capital improvements. The \$6,392,000 will be derived from grant funding, local property tax revenues, and reserves. These funds are to be budgeted on the following primary projects: Emergency Services Station and Tiknis Campus Expansion, Izaak Walton Reserve Master Plan, security camera system, and road resurfacing of Hanover Township roads.

Project: Emergency Services Station

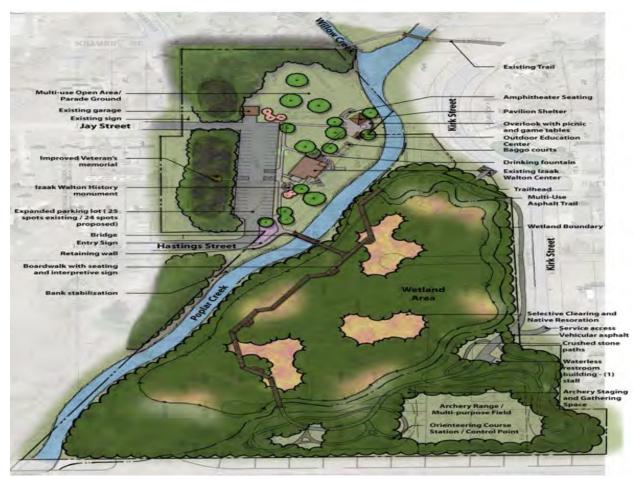

Description: Operating out of the leased space in Bartlett, Emergency Services is in need of a more permanent facility in order to better shelter Hanover Township's large fleet of vehicles. The Department of Emergency Services is in need of a space for their increasing fleet and equipment and a location better suited to conduct trainings. A site adjacent to the main Hanover Township campus has been purchased. Planning and construction for the property and Emergency Services Station began in May 2021. The project entails constructing a garage and training space that includes bathroom facilities and additional storage for the township. This project is set to complete in FY2023.

Projected Impact on Operational Budget:

This project would add additional operational expenses. The new Emergency Services Station will have utility and maintenance costs associated with running and operating the new station. Hanover Township estimates total annual operational costs will not exceed \$15,000. The Department of Emergency Service currently leases a space to operate from, rent for this facility is \$20,000 annually. Therefore, after the station is constructed Hanover Township will experience a net savings of approximately \$5,000 annually in operational costs.

Project: Izaak Walton Reserve Master Plan

Description: Hanover Township acquired the Izaak Walton property in FY2013, and consists of 11 acres of wooded land that includes a lodge built in the 1940's. To maximize the utilization of the 11-acre property, a walking path and elevated board walk will lead through the southwest portion of the reserve, which mostly consists of forest and wetland south of Poplar Creek. Currently an archery range resides in the southeast corner of the reserve and a pathway would provide easier and more frequent accessibility. On the northern side of Poplar Creek, Hanover Township is looking to add a designated picnic area with drinking fountains and pavilion shelter as well as an amphitheater. This project is set for completion by FY2023 contingent on the State of Illinois Open Space Land Acquisition and Development grant funding.

Projected Impact on Operational Budget:

With the addition of reserve improvements, there may be operational impact related to property upkeep for the Facilities and Road Maintenance Department. Full operational impact would be assessed as the master plan is developed for the reserves.

Project: Senior Center Improvements

Description: The Senior Center was constructed in 2004 with approximately 20,395 square feet. New tile to the main entryways, front desk area, and a portion of the café area was added in FY2019. Carpeting was replaced due to extensive staining, aging, and wearing in FY2020. An assessment of any external wear on the building or grounds and subsequent repairs are needed. Other building improvements projected for the future entail roof replacement, plumbing refurbishments, and electrical updates. This will be an ongoing project throughout FY2023-FY2027 and the next ten years.

Projected Impact on Operational Budget:

Project: Town Hall RTU Replacement

Description: The RTU (Roof Top Unit) is designed to supply a building with heat and air conditioning. The average life span of an RTU is roughly 15 to 20 years. A plan has been implemented to replace one RTU every two years, until all the old units have been replaced.

Projected Impact on Operational Budget:

This project is expected to reduce maintenance costs for these units and provide additional energy efficiencies, slightly reducing operating costs.

Project: Road Resurfacing Project

Description: In January of 2018, the Hanover Township Road District was consolidated into the operations of Hanover Township due to a citizen referendum the prior year. The Township owns and maintains approximately 13 miles of unincorporated roads. The Township completed a comprehensive road system assessment with an engineering firm to provide long-term guidance on road resurfacing prioritization. In FY2023, the Township plans to resurface roads including Dale Drive, Berner Drive, and Wolsfeld Drive to address cracking, loose gravel, and deterioration of these roads as identified in the road system assessment.

Proposed Impact on Operational Budget:

Project: Township Security Camera System

Description: The current security system for Township properties is made up of piece-meal security cameras. To increase security throughout the Township locations, an upgrade to a commercial Township-wide integrated system that utilizes centralized monitoring control is required. This would enhance uniformity of security footage throughout the Township and aid in crime prevention. Additional locations to monitor on top of Hanover Township's main campus and satellite offices would be the Izaak Walton and Lenoci Reserves. The project is scheduled for completion in FY2023.

Projected Impact on Operational Budget:

Project: Town Hall Roof and Building Improvements

Description: The Town Hall building is almost thirty-five years old and will soon need significant repairs to keep it in good condition. Repairs and replacements will include a new roof, replacement and redesign of the fascia material, new energy efficient windows and doors, replacement of highly trafficked floor, and a redesign of the staff kitchen and breakroom. Improvements made will keep the building safe, help prevent major structural repairs and make it more sustainable.

Projected Impact on Operational Budget:

Project: Senior Center HVAC

Description: The current Senior Center HVAC is original to the building which was constructed in 2005. Proper temperature regulation is important year-round to ensure the building is operating efficiently and in the summer months the Senior Center is a designated cooling center for the community. The replacement of HVAC system will ensure the Senior Center remains efficient and has a heating and cooling system that is in good working order.

Projected Impact on Operational Budget:

Boards & Committees

Boards and Committees

Finance Committee

The Finance Committee is an advisory body to the Hanover Township Board responsible for advising on all matters related to financial affairs including, the annual tax levy, fiscal policies, the annual Township budget, personnel, and investments. The Committee meets on an ad hoc basis when the need arises. Several meetings occur in the fall and winter to facilitate the annual budget development process.

Mental Health Board

The mission of the Hanover Township Mental Health Board is to ensure that services in the area of mental health, including developmental disabilities, addictions and substance abuse, are available to all residents of Hanover Township. The Mental Health Board manages the Hanover Township Community Resource Center and funds a number of agencies that provide direct services to Township residents such as counseling, job training, transportation, treatment for addictions and substance abuse, and sponsors or co-sponsors a number of public information programs designed to let more people know about available services. The Mental Health Board meets the fourth Tuesday of each month, August through May at 6:30 pm.

Senior Citizens' Services Committee

The Hanover Township Senior Citizens' Services Committee is the voice of the mature adult community, fostering new ideas and providing opportunities for fellowship and personal growth. This advisory committee to the Hanover Township Board of Trustees is made up of residents who represent the senior population of the Township on issues and concerns of interest to seniors. The committee meets the second Monday of each month at 1:00 pm in the Senior Center with the Trustee Liaison and Aging Services Director to discuss programs and services. Meetings are open to the public.

Committee on Youth

The Township Board of Trustees appoints members to its Committee on Youth, a volunteer board which serves in an advisory capacity to the Town Board on the needs of youth. Three members are youths aged 15-18. The Committee meets monthly on the fourth Monday of the month at 6:30 pm with the Trustee Liaison and Director of Youth and Family Services to discuss and give recommendations about current services and potential responses to the needs of Township youth and their families. Starting in FY14, the Committee had a budget of \$3,000, which is included in the General Town Fund under the Administrative Services Department.

Appendices

As part of the Fiscal Year 2013 budget cycle, administrative staff submitted the operating budget to the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award Program. One major recommendation from the GFOA reviewers was that the Township should adopt a set of official financial policies that are consistent with recommended best practices that have been developed by the GFOA membership. Per instructions from the Township Administrator, a review was conducted of GFOA recommended financial policies to specifically identify best practices. Additionally, sample financial policies from the municipalities of Bartlett, Elgin, Schaumburg, and Streamwood were reviewed to identify common language in enacted policies.

Many of the recommendations were already the current practice of the Township; however these practices had not been put into official policy. Once language for the proposed policies had been drafted, an extensive review was undertaken by administrative staff, Township accountants, and the Township attorney to ensure that the language was sufficient to meet the requirements for the GFOA recommendations, and also remain flexible enough to meet the specific needs of Hanover Township. The proposed policies were then entered into an ordinance and officially adopted by the Board on November 20, 2012.

Budget Policies

Hanover Township will adopt and maintain a balanced budget in which expenditures will not be allowed to exceed reasonably estimated revenues and other available funds while at the same time maintaining fund balances according to levels as set out in policy.

Development of the budget will be directed by specific goals and objectives as identified in the Township's annual strategic planning session to include both organizational and department specific goals.

The proposed budget shall be prepared in a manner which maximizes the understanding of residents and public officials and provides meaningful information as to the Township's financial status and activities. Copies of the budget shall be made available electronically via the Township's website and as hardcopies to any interested parties after approval from the Township Board. A public hearing will be conducted prior to approval of the budget.

Budgets are adopted on a basis consistent with the Generally Accepted Accounting Principles (GAAP). Annually appropriated budgets are adopted at the fund level for the general, specific revenue, and capital projects funds. The annual appropriated budget is legally enacted and provides for a legal level of control at the fund level. All annual appropriations lapse at the fiscal year end. The budget is prepared by fund, function, and activity, and includes information on the past year, current estimates, and requested appropriations for the next fiscal year. The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Expenditures may not legally exceed budgeted appropriations at the fund level.

Budget Amendment

In accordance with Section 3 of the Municipal Budget Law, the Township Board may make transfers between the various line items in any fund in the appropriation ordinance so long as the transfers do not exceed in the aggregate ten percent of the total amount appropriated in such fund by such ordinance. If the Township Board is required to amend the original budget and appropriations ordinance, it may do so by the same procedure that is used for the original adoption of the budget and appropriation ordinance; provided that nothing in this section shall be construed to permit transfers between funds required by law to be kept separate.

Long-Range Planning

As part of the annual budget review process the Township shall project fund revenues and expenditures one year beyond the current budget year for the General Town fund and five years for the Capital Improvement and Vehicle Replacement funds. The Township will estimate annual revenues on an objective, reasonable, and conservative basis. Most revenues will be estimated based upon a historical trend analysis model.

Investment Policies

The Township maintains a cash and investment pool that is available for use by all funds. The Township's investment policy authorizes the Township to invest in all investments allowed by Illinois Compiled Statutes (ILCS) and is more stringent in its application. The Township's investment policy limits its deposits to financial institutions that are members of the FDIC system and are capable of posting collateral for amounts in excess of FDIC insurance. It is the policy of the Township to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Township and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety of principle, liquidity, rate of return, and ties to the community.

Revenue Diversification

The Township shall endeavor to develop and maintain a diversified and stable revenue base to the extent allowable as a non-home rule unit of local government, in order to shelter it from short-term fluctuations in any one revenue source.

Use of One-Time Revenues

Revenues that are considered to be one-time shall only be utilized to pay for one-time expenses. Under no circumstances shall one-time revenues be utilized to fund general, ongoing operations of the Township.

Use of Unpredictable Revenues

Hanover Township does not have a major revenue source that is considered to be unpredictable. As a non-home rule unit of local government, approximately 85% of revenue is derived strictly from property taxes while other revenues are highly predictable.

Capital Assets

Capital assets, which include property, plant, equipment, and certain tangible assets, are recorded in the applicable government activities columns in the government-wide financial statements. Capital assets are defined by the Township as assets with an estimated useful life in excess of one-year and an initial individual cost of more than \$2,500. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|-------------------------|-------|
| Buildings | 30 |
| Building Improvements | 5-20 |
| Vehicles | 7-20 |
| Infrastructure | 7-20 |
| Furniture and Equipment | 5-10 |

Fees and Charges

On a bi-annual basis and as part of the regular budget process, all charges for services and user fees shall be reviewed to ensure that rates are at an appropriate level in relation to the cost of providing individual services, are competitive with similar services provided within the area, and reflective of the residents ability to pay. If a subsidy is deemed to exist, it shall be justified in terms of the public purpose being served and applicable law. Once set, the complete schedule of Township charges and fees shall be posted on the Township website to provide full transparency and access to the public. For programs or services with highly variable fees, all costs will be published in the community newsletter.

Debt Capacity, Issuance, and Management

The Township will confine long-term borrowing to capital improvements or one-time debt obligations that cannot be financed from current revenues or reserves. Debt or bond issuance will not be used to finance current operating expenditures. Capital projects financed through the issuance of bonds shall be financed for a period not to exceed the expected useful life of the improvement and in accordance with applicable law, including but not limited to referendum approval authorizing the issuance of such bonds. A policy of full disclosure on every financial report and bond prospectus shall be followed at all times.

As a non-home rule unit of government, the Local Government Debt Limitation Act (50 ILCS 405/1), sets the legal debt limitation for Hanover Township. Per this act, total debt may not exceed 2.875% of the value of the taxable property within the Township including existing debt. Additionally, pursuant to Section 240-5 of the Township Code, the Township Board may borrow money (i) from any bank or financial institution (as defined in said Section 240-5) if the money is to be repaid within 10 years from the time it is borrowed or (ii) with the approval of the Highway Commissioner, from a Township road district fund, if the money is to be repaid within one year from the time it is borrowed.

Operating/Capital Expenditure Accountability

Monthly financial reports will be prepared by the Township accountants and shall be provided to staff. Staff shall review and monitor expenditures to ensure control of spending within available revenues. The Township Administrator shall impose spending limits if, in their judgment, revenues fall below original estimates or if expenditures exceed reasonable limits.

A position analysis will be conducted for the replacement of any employee who resigns, retires or is terminated for any reason. The analysis of the worker's responsibilities and a replacement recommendation will be undertaken by Township Administrative staff and the associated department heads. The Township Administrator will take this information, as well as the current status of the Township's financial condition, into consideration when making a final replacement decision. The Township Board will be notified of any replacement actions.

Revenue or Stabilization Accounts

The Government Finance Officers Association (GFOA) recommends that governments establish a formal policy on the level of unrestricted fund balance that should be maintained in the general fund. Such a guideline should be set by the appropriate policy body and should provide both a temporal framework and specific plans for increasing or decreasing the level of unrestricted fund balance, if it is inconsistent with that policy. GFOA recommends, at a minimum, that general-purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures.

The Township shall maintain an Emergency Contingency line item in the General (Town) Fund in addition to the general fund reserve, so as to provide for emergencies, unanticipated expenditures, and revenue shortfalls. Expenditures may be made from the contingency fund only upon approval of the Township Administrator.

The objectives of the fund balance reserve practices are: to provide for contingency or emergency spending; to preserve the credit worthiness of the Township; to avoid interest expenses for operating budget needs; and to stabilize fluctuations from year to year in property taxes collected and paid to the Township.

Annual appropriation budgets are adopted for General and Special Revenue funds. The financial statements and Independent Auditor's Report are prepared at the end of the fiscal year. The financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. All appropriations lapse at the end of the fiscal year. Excess revenues over expenditures for the fiscal year accumulate in the fund balance for the associated fund.

The Township seeks to maintain an unreserved undesignated General Fund and Special Revenue Funds that, as of March 31 of each year, is equal to a minimum of four months of the ensuring years budgeted fund expenditures, with a target of six months of the ensuing year's budgeted expenditures. The Township will exercise diligence in avoiding the appropriation of fund balance for recurring operating expenditures. Fund balances that exceed the maximum level established for each fund will be appropriated for non-recurring capital projects or programs. Use of operating surpluses is the primary method of the Township with which to finance capital projects.

If the unrestricted balance for the General (Town Fund) falls below the minimum levels as set forth in this policy, a plan shall be developed to return to the minimum balance within a reasonable period of time.

Appendix B: Glossary

Accounting Procedures –All processes, which discover, record, classify, and summarize financial information to produce financial reports and to provide internal control.

Accounting System – The total structure of records and procedures which discover, record, classify, summarize and report information on the financial position and results of operations of a government or any of its funds, fund types, balanced account groups or organizational components.

Accrual Basis – The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flow.

Activity – The smallest unit of budgetary accountability and control for a specific function within the Township.

Appropriation – An authorization granted by the Township Board to make expenditures and to incur obligations for purposes specified in the Budget and Appropriations Ordinance.

Assessed Valuation – A valuation set upon real estate or other property by the County Assessor and the State as a basis for levying taxes.

Audit – An official financial inspection conducted annually by an organization separate from the Township.

Balanced Budget - A budget is balanced when current expenditures are equal to receipts.

Budget - A plan of financial operation embodying an estimate of proposed revenue and expenditures for a specific period of time (budget fiscal year).

Budget Calendar or Timeline – The schedule of key dates or milestones that a government follows in the preparation and adoption of their budget.

Budget Message - The opening section of the budget which provides the Township Board and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and recommendations of the Township Administrator.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet the long-term capital needs of the Township.

Deficit – (1) The excess of liabilities of a fund over its assets. (2) The excess of expenditures over revenues during an accounting period; or, in the case of proprietary funds, the excess of expense over income during the accounting period.

Department - A major administrative division of the Township which indicates overall management responsibility for an operation or a group of related operations within a functional area.

Depreciation – Expiration in the service life of fixed assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence.

Expenditure - Decreases in net total assets. Expenses represent the total cost of operations during a period of time regardless of the timing of the related expenditures.

FICA– The Federal Insurance Contributions Act provides a federal system of old age, survivors, disability and hospital insurance.

Appendix B: Glossary

Fiscal Year - The time period designated by the Township signifying the beginning and ending period for recording financial transactions. Hanover Township has specified April 1st to March 31st as its fiscal year.

Fund – An accounting entity with a self-balancing set of accounts that are segregated for the purpose of carrying in specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Fund Accounting – The accounts of the Township are organized based on the basis of funds, each of which is considered a separate accounting entity. The operations of a fund are accounted for with separate sets of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund Balance – The excess of an entity's assets over its liabilities. A negative fund balance is sometimes called a deficit.

Governmental Funds – Money, assets, or property of Hanover Township or any of its subcomponents.

IMRF – Illinois Municipal Retirement Fund provides employees of local governments and school districts in Illinois with a system for retirement, disability, and death benefits.

Major Fund – Funds whose revenues, expenditures, assets, or liabilities are at least 10 percent of corresponding totals for all governmental funds and at least 5 percent of the aggregate amount for all governmental funds.

Modified Accrual Basis – The accrual basis of accounting adapted to the government fund type. Under it, revenues are recognized when they become both "measurable" and "available to finance current expenditures." Expenditures are recognized when the related fund liability is incurred. All governmental funds are accounted for using the modified accrual basis of accounting.

Operating Budget – Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending, and service activities of the Township are controlled.

Operating Funds – Resources derived from recurring revenue sources used to finance ongoing operating expenditures.

Ordinance – A formal legislative enactment by the governing board of the Township.

Property Tax - Property taxes are levied on real property according to the property's valuation and the tax rate.

Revenue - Funds that the Township receives as income.

Special Revenue Funds – These funds are used to account for proceeds from specific revenue sources (other than capital projects) that are legally restricted to expenditures for specified purposes.
